Surfin'

Steve

The Stephen F. Austin statue is located in the Sesquicentennial Plaza in front of Steen Library and is recognized as the heart of the campus.

The statue arrived at SFA on Sept. 17, 1986, and was officially unveiled not long after at a dedication ceremony where former Texas Governor Mark White spoke.

The statue was created by California sculptor Richard MacDonald after he won a competition held by the SFA Board of Regents. He won the grand prize of a \$100,000.

The statue stands 11 feet, 2 inches tall and weighs 4,000 pounds. It has a bronze coating that should last around 5,000 years.

Soon after the statue arrived, a Pine Log cartoonist referred to it as Surfin' Steve because the statue is surrounded by a fountain, making it appear as if Steve is surfing. The name has stuck, and students still refer to the statue as Surfin' Steve.

Over the years, Steve has been used for a backdrop for various student pictures. He has also gone through a lot of fun times including having the fountain filled with soap suds and watermelons. And every now and then, a student feels the need to sit on Steve's shoulders during an evening of fun.

Chief Caddo

The tradition of Chief Caddo began in 1960 when SFA and longtime rival Northwestern State University in Natchitoches, La., decided to award the winner of their annual game a trophy. The mythical Indian chief, Chief Caddo, was chosen because his tribe was fabled to be responsible for settling the locations that became English-speaking Nacogdoches and Natchitoches.

During the 1961 match-up, SFA lost to Northwestern State 35-19 and according to the rules set by both universities, the loser was responsible for cutting down a tree and sending it to the winning school to be carved. SFA sent a 2,000-pound black gum log to Northwestern State, and woodcarver Harold Green spent 230 hours carving the chief to perfection.

Both Nacogdoches and Natchitoches are the oldest settlements in their respective states. Two versions of the legend exist on how each town got its name, but both agree that an Indian Chief with two sons sent one west and one east, and they traveled the same distance and established villages.

Chief Caddo is not only credited with settling the two communities but also with providing safety for the early white settlers in the area. Historians say had it not been for the Caddo Indians, the Spanish and French colonists who came to the area would not have survived the onslaught of Apache and Comanche warriors from the west and the Natchez from the east. Wise Caddo chiefs made it possible for the two European colonies to live as neighbors while their mother countries were at war against each other.

The Chief Caddo statue stands 7-feet-6-inches tall and weighs over 320 pounds, making it the largest symbol awarded to any NCAA football team in the nation. According to SFA Sports Information, Chief Caddo has spent 13 years in Nacogdoches and 26 years in Natchitoches with one match-up between the Lumberjacks and the Demons resulting in a tie.

Students enjoy food, fun to welcome SFA football

Student Foundation Association sponsored the Mud Bugs and Mud Balls Tournament, a mud volleyball tournament and crawfish boil, Friday, April 15, 2005, in the SFA commuter parking lot.

Participants in the tournament enjoyed playing in the approximately 10-inch-deep mud that was specially brought in for the event.

Mud Bugs and Mud Balls is held each spring semester to promote the SFA spring football scrimmage, which is held later in the evening. The event has taken place for the past three years, making it a new tradition at SFA.

Tickets for the crawfish boil are sold for \$6 and are good for three pounds of crawfish, Cajun-style potatoes, corn and a drink. The volleyball tournament consists of six-member teams composed of students, non-students, organizations or professors who wish to enter. The cost for a single or co-ed team to participate in the volleyball tournament is \$30. All proceeds from the event benefit student scholarships.

The idea for such a tournament came from a district conference SFA representatives attended. There, speakers from UT-Arlington conducted a presentation on starting new traditions. That presentation introduced mud volleyball, an event that has been successful for UT-Arlington for 15 years. After its first year of success at SFA, it became an annual event.

"It's something that's unique, and students will participate in it," Mitzi Blackburn, assistant to the vice president for the Alumni Association said. "We thought we'd try this since other universities had such success with it."

Purple Haze is an organization whose members truly bleed purple while supporting the SFA athletic teams.

The idea for Purple Haze came about at a freshman leadership retreat in 1999 by Ron Johnson, a freshman senator at the time. The freshmen at the retreat were divided into two teams and had to come

up with an idea to improve campus spirit.

Later in the fall of 2000, Karl Seelbach and Charlie Hueber conceived the idea to make Purple Haze an organization that would support the athletes at SFA. They thought it would be a great way to promote school spirit and get more students involved on campus.

Purple Haze

Photo by Justin Elbert

Photo by Ashley Cook

The Purple Haze T-shirt was are purchased each year to be given out during summer orientation to all incoming freshmen. It gives them a chance to participate in the tradition.

Purple Haze attends various events throughout the year and sits behind the opponent's bench to let them hear how proud SFA fans are.

Currently there are about 500 active members participating in the Purple Haze traditions. There are no fees to join, just the willingness to show enthusiasm and SFA spirit while supporting the university athletics.

Watermelon Bash

SFA student enjoys participating in the watermelon bash festivities.

The Student Government Association floated watermelons in the Stephen F. Austin statue at the annual watermelon bash.

Dr. Violet Rogers, Dean of the College of Business, cuts up hundreds of pieces of watermelon for faculty, staff and students.

Tradition unites the SFA campus

The Watermelon Bash is sponsored every summer by the Student Government Association and held during the second summer session in the Fountain Plaza to unite staff and students and to give everyone a chance to take a break from studying.

The Watermelon Bash has been a tradition for 60 years, making it the oldest SFA tradition.

In the past, watermelons for the event were purchased from local farms. During summer 2005, 50 watermelons were donated for the event by B.J. Farms.

Everything from chopping the melons to playing

games for prizes takes place during the event.

Students can compete in various games including the watermelon roll, seed-spitting and melon-eating contests to win prizes like portable CD players and other prizes.

SGA reports the turnout is always very good because students enjoy stopping by for a quick bite of watermelon and a free T-shirt. The event is also a great way for students to meet and interact with their deans, professors and the student government.

Story by Michelle Vinklerek

Ol' cotton

When attending football games at Homer Bryce Stadium, fans and opponents can feel the Lumberjack spirit when the Lumberjacks score because a cannon is fired.

The SFA ROTC Stone Fort Cannon Crew is in charge of maintaining and firing the Ol Cotton cannon. This tradition has been taking place since 1972 after its purchase. Ol Cotton is a 75-mm, M1A1 Carriage, Howitzer M-8 model that was used in World War II and the Korean War.

When firing the cannon, the crew uses either a blank 75-mm cartridge or a 10-gauge blank shotgun shell.

The current Ol Cotton cannon is not the original cannon, but similar to the one used before its arrival at SFA. Today after Ol Cotton is fired, the Stone Fort Cannon crew does a number of push-ups to equal the total points scored by the Lumberjacks.

Spring Fest 2005

Photo by SA

Photo by SAA

Photo by Chris Bouldin

Photo by SAA

Photo by Chris Bouldin

Spring Fest is an end-of-the-year traditional celebration for students and faculty and that has been taking place at SFA since the 1960s. The event is held each year at the end of April and is sponsored by the Student Activities Association. Spring Fest takes place over three to four days with various activities occurring each day. Different activities include band competitions, students

taste testing and voting on the best pizza in town, carnival games, temporary tattoo artists and more.

Spring Fest is free to all students and faculty. SAA said their hope is for the event to be bigger and better each year, including more events and maybe even letting other organization set up booths.

Student Life

Mindy Arendt Section Editor

building on

community

College Life. Independence. We craved it in high school, and we'll long for it once it passes. While each person's experience at SFA is different, we are all after the same thing—unforgettable memories. As students take part in traditions like Back Camp and Lumberjack Alley, friendships are made, struggles are felt and memories are captured. It's about late nights. It's about dorm life. It's about tradition.

SomethingOld, SomethingNew

**CONSTRUCTION
WORKERS
ONLY**

New *and* Improved

The face of the SFA campus has been evolving before our eyes, as new buildings are constructed, old ones demolished and future ones planned.

One year ago during the fall 2004 semester, University officials decided to tear down The Units, a residential community that had housed SFA students since 1959. To replace it, a new residential hall, Lumberjack Lodge, was planned.

It opened its doors to residents for the Spring 2006 semester.

Joey Berquist, Lufkin freshman, applied to live in the new residence hall for the spring semester.

"I'm looking forward to Lumberjack Lodge because my dorm is so old," Berquist said. "I think we are all ready for some new residential choices."

The sketches for a second new residential hall, Lumberjack Village, were released during summer 2005.

The complex will be located where Wilson Hall once sat, on the corner of Starr Avenue and Clark Boulevard. It will consist of three separate buildings, common areas and courtyards.

As new halls are constructed and the parking needs of students, faculty and staff change, University officials shifted the designated parking areas to meet the needs.

The Student Center parking garage opened in Fall 2005 and holds 400 vehicles. According to Lee Brittain, assistant director of the Physical Plant, the garage blends well with the campus.

"We are so pleased with how it turned out," Brittan

said. "During planning, we made it clear that it shouldn't look like a parking garage because it's in the middle of campus."

Many students were upset with the University's decision to only allow faculty and residential hall overflow to park in the garage.

"It's not fair because the faculty and staff take up most of the spots where students would like to park," Liz Hernandez, Harlingen freshman, said. "Students have no convenient place to park."

Three parking garage projects, two of which are already complete, attempt to provide ample parking for all the new construction happening around campus. The second garage was built for residents of Lumberjack Lodge. Construction began on that project in August 2005 and was completed in January of 2006.

Brittain said the University is making an effort to make all three parking garages aesthetically pleasing. The second garage holds 500 cars, and the third will hold 700, providing some relief for the parking issues the SFA campus is currently facing.

By far, the largest construction project underway is the new student center.

After months of seeing little or no progress on the project, students began questioning if the center would be open at all during their time at SFA. But as the project moved into its longest and final stage in October, students, faculty and staff were pleased to finally see some steel going up.

"Seeing some actual progress on the UC is exciting," Brandon Hanson,

Baytown senior, said. "I had begun doubting it was ever going to happen."

The student center project is scheduled for completion in mid-spring 2007.

The next big project for SFA is the new baseball/softball complex. The location is yet to be determined. The Physical Plant first came up with a concept drawing and then hired an architect to draw the final plans.

Jeremy Arterburn, Spring junior and SFA baseball player, hopes he will get the chance to play in the new stadium before he graduates.

"The drawings of the new complex are unbelievable," Arterburn said. "I think having a baseball team here at SFA will attract more students to the University. Baseball is a very popular sport among college students."

Other, smaller projects also helped change the face of the SFA campus.

The last dated light fixtures around campus came down and were replaced with antique period lighting in November.

The University began working with the City of Nacogdoches to install similar lighting fixtures on North Street in order to tie the town and University together.

Telephone poles also became scarce around campus, as the University worked to wire all phone lines underground down East College Street.

"There is a lot of excitement on campus," Brittain said. "The student body, staff and faculty are excited about the changes."

Jack Camp

rock, paper, scissors

Above: Jack Camp counselors, Miranda Giassi and Matt Davis play rock-paper-scissors to make an important decision during the Jack Camp games.

tuggers

Right: Playing tug-of-war, Jack Campers like Laparshia Williams learn teamwork skills and break a sweat, which was easy in the hot, summer sun.

For the past seven years, Jack Camp has been an SFA tradition, which helps incoming freshmen make the transition from high school to college.

The camp began during the summer of 1999 and has grown every year since then. It is held at Camp Olympia in Trinity, Texas, and usually includes two sessions in a two-week period preceding the fall semester.

Jack Camp will see an expansion in the summer of 2006 with the addition of three more sessions, giving the camp a total of five sessions.

While not all incoming freshmen attend Jack Camp, the ones who do claim it is one of the best decisions they could have made coming into college. It provides a chance for freshmen to get acquainted with the student leaders on campus and other freshmen. Many students meet their future roommates and best friends at Jack Camp.

"I think it was a lot easier to come to college because there were students there helping us with questions, concerns or fears that we had about coming to college and being on our own," Kelli Oliveira, Sugar Land junior and Jack Camp 2005 attendee, said.

Students currently enrolled at SFA are the ones who organize

and lead Jack Camp. Many of the orientation leaders students meet at summer orientation are also Jack Camp counselors.

Once the students get to the camp, they are divided into two tribes—Austin and Rusk. Throughout the camp, the tribes compete against one other in team-building and sporting activities.

During each camp session, the incoming freshmen learn about the many SFA traditions and how to get involved with each of them. Other topics covered include getting to know your roommate and surviving your first year of college.

Sarah Wood, Longview senior, has worked as a camp counselor for the past two years and is looking forward to reapplying for a third year.

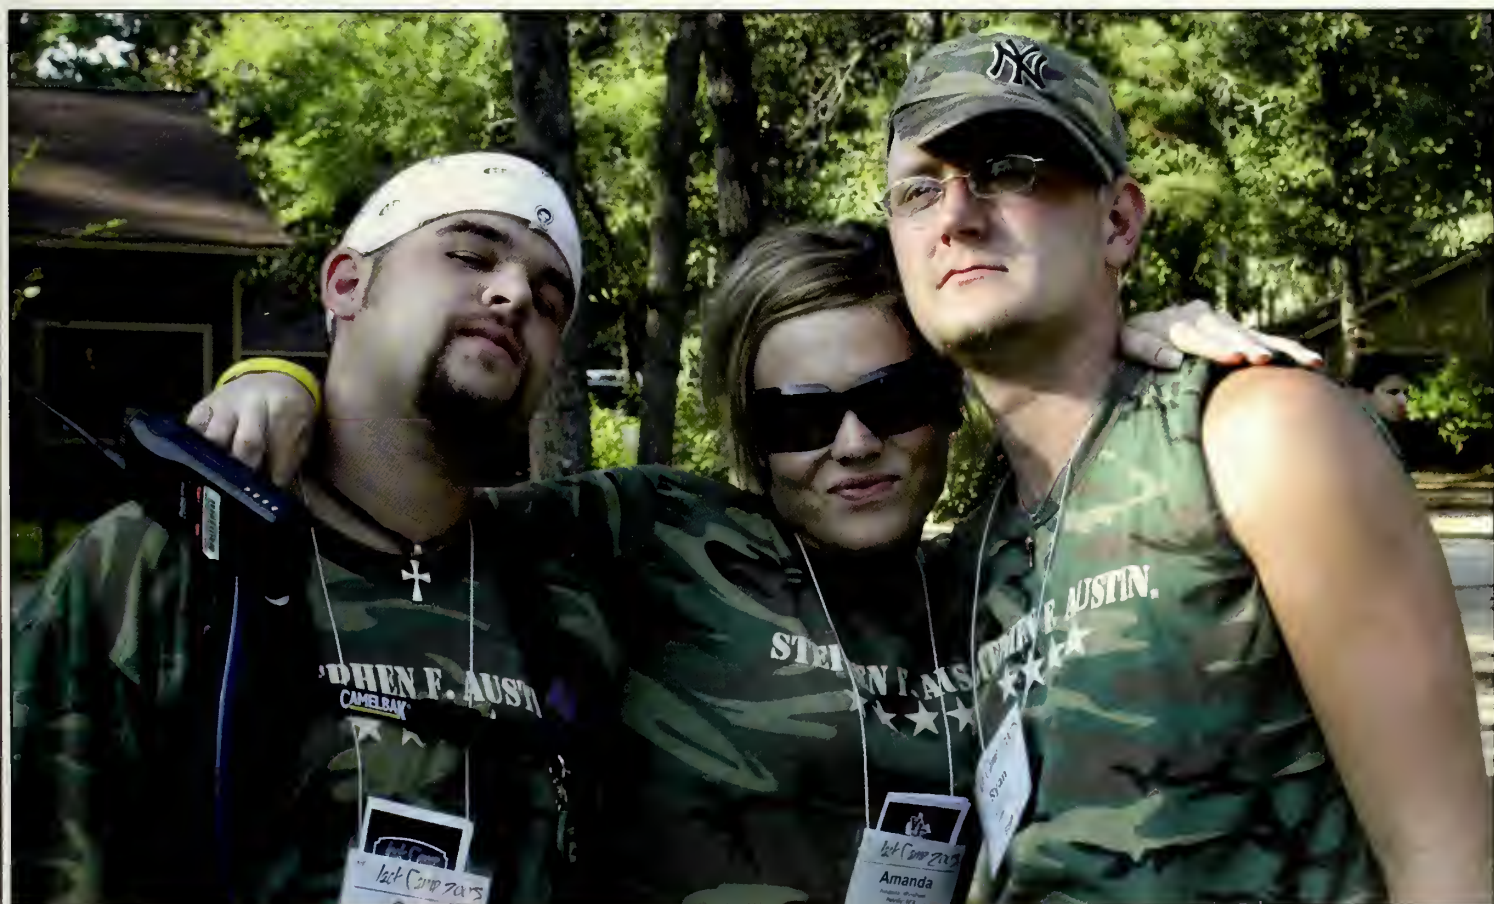

"Jack Camp is a place where everyone fits in, no matter what you like to do or where you come from," Wood said. "What really makes this past year's camp different was that the freshmen were so incredibly ambitious and driven. I had never seen freshmen more comfortable in their own skin and as willing to participate as this last group."

Story by Amanda Reynolds

battle cry

Jack Campers compete for the most spirit by pointing their bodies, creating a cheer and showing the other "tribe" they have more spirit. Both the Austin and the Rusk tribes put on great shows to prove they had the Lumberjack spirit.

facebook.com

CampusWideAddiction

March 1, 2005. It was a day in which a new verb found its way into our vocabulary; a day when web surfing was taken to a whole new level; a day in which procrastinators found yet another reason to put off that term paper for a few more hours...or days...or weeks.

It was the day SFA was added to Facebook.com.

"Facebooking"—much like e-mailing or "instant-messaging"—became the new way of connecting with friends and fellow students.

The idea for the website was inspired by the original college facebook—the books of bad freshmen ID photos and boring information. Mark Zuckerberg, creator of the site, decided to revamp the idea as a project at Harvard University, his alma mater.

"We wanted to give students the control over the information they wanted to share with others," Chris Hughes, Facebook.com spokesperson, said.

When the project began in 2004, membership was only open to students at Harvard. According to Hughes, 6,000 students signed up within the first few weeks, so Facebook's creators decided to open it up to a few more schools.

A few more schools?

Currently, Facebook is available at more than 2,200 universities and colleges across the country, and new schools are added on a regular basis. Over 8 million students have accounts.

So what exactly is Facebook used for?

According to students, the site can be used to interact with their classmates and students at other universities, find people with the same interests through groups, learn about student organizations on

campus, reconnect with high school classmates, communicate using the messaging feature and much more.

"It's a place where you can find old friends and talk to them again without picking up a phone," Lindsey Amos, Nacogdoches senior, said.

From a creator's standpoint, the purpose of the site was to connect students through an online directory at their schools.

"We enable students to exchange information about themselves including screen names, favorite movies, classes and friends," Hughes said. "We provide the structure to make all those connections possible. The idea was to offer students a resource of information and a means for communication, but at the same time, it's fun."

Occasionally, Facebook.com is compared to similar social-networking websites such as MySpace and Friendster. Both of these sites allow anyone with an e-mail address to join, unlike Facebook, which only extends membership to students with a valid e-mail address at a higher education institution in their network.

"Facebook is not a place where a user meets a 'random' person," Hughes said. "Instead, it's where individuals foster acquaintance-ships or friendships that already exist."

Some students who are users of both Facebook and MySpace find pros and cons about each site. Amos enjoys the MySpace feature which allows its users to create their own webpage with creative backgrounds, music and streaming video.

"It would be cool if Facebook allowed users to add fun stuff like backgrounds and music so the profiles aren't all the same," Amos said.

As Facebook gained popularity on the SFA campus, students were not the only ones who were joining. Faculty members, including SFA President Dr. Tito Guerrero III, joined the site to keep in touch with students.

Environmental science assistant professor David Ownby joined Facebook in September of 2005 after being invited by one of his students.

"We decided to utilize Facebook for communication among members of the student chapter of the National Association of Environmental Professionals and also among both undergraduate and graduate-level environmental science majors," Ownby said. "As a professor, it is also a useful tool to confirm and help learn students' names and faces."

While Facebook facilitates communication between students and faculty, it can also work to the students' disadvantage.

Police officers at other universities have been known to check Facebook's event section where many students post upcoming party times and locations in order to find out where illegal activity—like underage drinking—might be taking place.

Students at George Washington University in Washington were so upset with the campus police busting a previous party they were planning that they used Facebook.com to fight back.

"We were just being, well, college students, and they used it against us," Kyle Stoneman, George Washington University senior, said.

Stoneman and his friends used Facebook to post notice of a "party" knowing that campus police would get wind of it and try to break up the bash. But when the police showed

up this time, they found 40 students around a table of cake and cookies that were decorated with the word "beer."

"We even set up a cake-pong table," Stoneman said, a twist on the infamous beer pong game popular with many college students nationwide. "The look on the faces of the cops was priceless."

Recent updates to Facebook now allow students to upload photos of themselves and friends. The photo album also allows students to identify other people in their pictures by adding "tags" to them. Once a photo of someone is tagged, it will show up in a separate album that can be accessed when viewing a user's profile. All photos of someone that have been "tagged" will show up in this album.

If members do not want their photos that have been tagged by others to be viewed by their friends, they can remove the tag—one of the many features Facebook put in place for security purposes.

Another newer feature of Facebook is "friend details," which allow users to indicate how they know and/or are connected to those on their friend list. Some of the options for friend details include "We lived together," "We met randomly," and "We hooked up."

As Facebook progressively becomes one of the easiest ways of communicating in this digital age, more and more features will be added for students.

"We have more features in the works," Hughes said. "But you'll have to wait to find out what they are."

Lumberjack Alley

Bleed Purple

cutting into a new season

Dan McBride, SFA mascot and Nacogdoches sophomore, acts like a true Lumberjack and cuts two pieces of wood from a log at Jacks Back Rally on Sept. 1, 2005. Jacks Backs Rally is a tradition held every year before the first home football game. The Jacks Back crowd got louder with each burst of the chain saw. Photo by Mindy Arendt.

Tailgating festivities unite student body, locals

Lumberjack Alley is held in the commuter parking lot before every SFA Lumberjacks home football game. Students, faculty and staff, alumni and members of the community gather to rally school spirit and do some tailgating.

"One of my favorite things about Lumberjack Alley is everybody gets to express their Lumberjack spirit," Marcie Tautenhahn, Houston senior, said. "I usually go with a group of friends or to meet up with an organization."

Jeremy Stolfa, coordinator of athletic operations, said the tradition of Lumberjack Alley was started in 1999 to bring more of a football atmosphere to SFA football games.

"Student organizations bring different activities making it interesting for the students," Stolfa said. "Spots at Lumberjack Alley are open to everyone. Student groups, vendors and football fans are welcome to come out and participate."

Lumberjack Alley doesn't just serve as a venue for current students to get together and enjoy in pre-game activities. Alumni join in the celebration, as well. The Alumni Association hosts

reunions for former football players and hosts Letterman's Day at the second home game of the season.

Attendees enjoy free food and drink from a myriad of businesses, student organizations and vendors. The Homecoming game usually draws the largest crowd of the year and features performances from spirit groups and annual events such as the chili cook-off and the Duck Dash.

This year, the Student Activities Association added a mechanical bull to the Homecoming festivities.

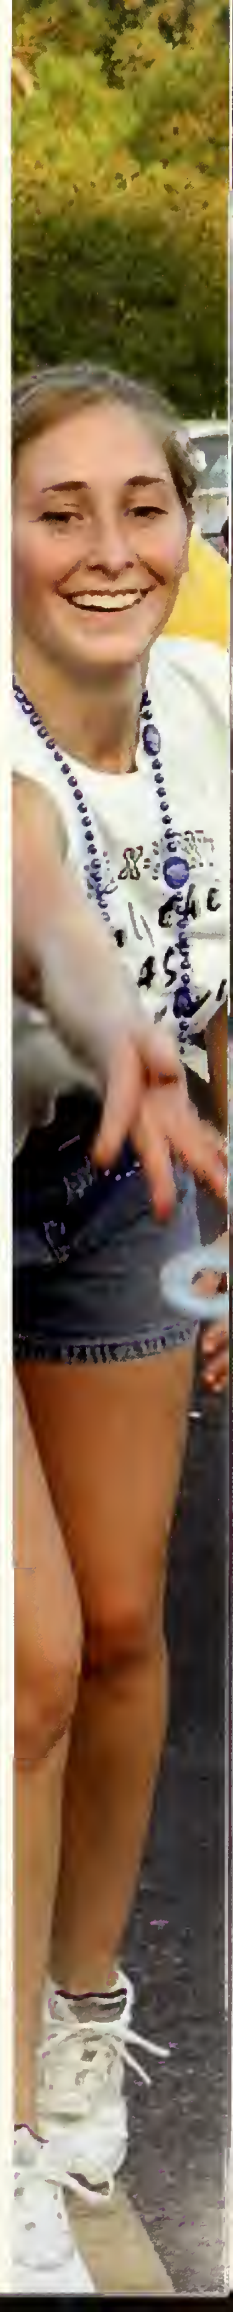

"Homecoming was my favorite Lumberjack Alley of the year," Tautenhahn said. "I rode the mechanical bull several times and got thrown off every time. It was fun. There was a huge crowd of people standing around."

Tautenhahn is vice president of fundraising for Dream Builders, students working with Habitat for Humanity of Nacogdoches. She said she hopes her organization will set up a booth at Lumberjack Alley next year.

Story by Colleen Martin

food and fun
Morgan Shepherd, Ennis junior; Brooke Blume, Garland freshman; and Chris Beimer, Fort Worth junior, celebrated the season's first Lumberjack Alley in the commuter parking lot with the rest of the student body and SFA fans. Shepherd and Beimer, members of Phi Kappa Psi Fraternity, celebrated the 2005 season with their brothers by grilling, hanging out with friends, listening to music and having a couple of beers. "Tailgate—the even playing field between PhDs and the ones who make them useful," Shepherd said. *Photo by Mindy Arendt.*

Steel Drum Band

Beating Tradition

beating it, steel drum style

The Steel Drum Band performs during the Homecoming parade in downtown Nacogdoches.

Ensemble offers interesting alternative

Unlike many of the musical ensembles at SFA that study mostly classical music, the Steel Drum Band, directed by Scott Harris, offers an interesting alternative. This band usually plays a variety of music including traditional Caribbean/Calypso and American Pop.

Harris said this year the band played an arrangement of Santana's "Black Magic Woman," an arrangement of 311's "Love Song" by Junior Freddy Lopez along with the traditional favorites like "Margaritaville," "Mary Ann" and the popular "Limbo Dance."

Along with playing different types of music, the band also got to enjoy performances that are not governed by rules and regulations.

"The Steel Band offers music students a very unique performance experience in that it is much more like a popular rock or pop group," Harris said. "They can smile, dance and visually display a certain energy and enthusiasm that usually isn't present in a 'classical' venue."

While having fun was definitely part of the band's

performance, the quality of the music was the priority.

This year, the Steel Band made appearances at many events around campus such as Homecoming and Halloween events as well as the Percussion Ensemble concert.

The 14-member band practiced two days a week for an hour. Half the members are percussion or music majors, while the rest of the band was made up of majors from all over campus.

Harris has been at SFA and directing the Steel Band for eight years. Along with the Steel Drum Band, Harris also directs the Percussion Ensemble and oversees the Lumberjack Marching Drumline.

Harris said each year directing the Steel Band is different so he must make adjustments in the way he teaches the students.

"I always try to meet the needs of the individual students while still maintaining the character that makes the SFA Steel Band the popular group it is," Harris said.

The Steel Drum Band was created in 1994 and has recently become one of the most popular musical ensemble on campus.

Story by Holli Conley

drumming together

The Steel Drum Band performs during Homecoming events and at the Percussion Ensemble concert.

Homecoming 2005

Homecoming deemed success

Homecoming 2005 came and went, and even though SFA didn't win the big game against SELA, the Alumni Association saw the event as a success.

Money earned from Homecoming week events go toward the Alumni Association General Scholarship Fund, which in turn helps fund student scholarships.

"Our total from the golf tournament, Duck Dash, the benefit drawing and silent auction, and these are early estimates, total \$130,000," Rhonda Minton, Alumni Association communication direction, said. "The \$130,000 puts us about where we've been the past couple years (in earnings)."

Last year the Alumni Association was able to pull in about \$185,000, but Minton attributed the extra earnings to the Willie Nelson concert held before Homecoming.

"The golf tournament raised about \$25,000, the silent auction

about \$18,000, Duck Dash about \$27,000 and the benefit drawing about \$58,000," Minton said.

The 2005 winner of the benefit drawing, Joe Puntch of Nacogdoches, won \$10,000, \$5,000 of which went to Puntch and \$5,000 to the scholarship of this choice.

Minton said there was a good turnout of alumni to the football game as well.

"All in all, we see it as a very successful weekend," she said. "We want to thank all the former students who came in and all the students here who helped."

The Duck Dash featured hundreds of yellow rubber ducks racing along a watery path in 11 heats until 66 ducks were named the finalists.

Story by Andy Phifer

Week-long events provide fun for all

The first Homecoming festivities got underway on Mon., Oct. 24, 2005, at the Ag Pond with

the Homecoming Kick-off Party, which featured music from SFA students Elliott Soeder, Some Say Leland and Brad Wilson.

The event included a barbecue catered by Aramark, with food for 500 people.

The barbecue also served as a "thank you" to the students who volunteered during the hurricanes.

"It's really just to acknowledge (the students' work) and rightfully so," Homecoming committee chair and Boca Raton, Fla., senior Jacqui Garrick said.

Originally, bands were going to audition for the chance to play at the party, she said. However, Hurricanes Katrina and Rita forced a change of plans for the eight-person Homecoming committee.

"We went out and looked at all the local bands, and we picked out the best," Garrick said. "For SFA we only wanted the best."

"Each of these bands has an exemplary student leader on top of having great musical talent in it. I thought that was kind of neat to be able to showcase some of our student leaders on campus."

Another new event that took place during Homecoming week was the old-fashioned carnival, held in the library courtyard.

Students had the chance to stop by the booths and take a shot at winning some free candy or prizes.

Jacqui Garick, Boca Raton, Fla., senior and Homecoming committee chair, said the carnival was a hit and everything went well.

"There was a wide range of organizations there, representing all different types of students," Garick said. "It is amazing. I couldn't have asked for anything more."

The Homecoming executive committee passed out free popcorn, cotton candy and grape soda.

SAA had a T-shirt Swap, where students could bring shirts from other universities and exchange it for a new SFA shirt. The old shirts were burned in the bonfire on Friday.

SAA also held a Luau Fish Clip, a fishing game where participants could win a free SFA goodie bag.

ATO provided a bounce house

Tradition *burning* in their souls

with oversized punching gloves, while SGA had a bounce house featuring basketball.

Dream Builders, a student organization working with Habitat for Humanity of Nacogdoches, had a ball toss and raffled off two free 30-minute massages.

KSAU was taking 25-cent donations for a plethora of CDs that have gone out of rotation on the radio station.

Pi Kappa Alpha held a Pie in the Eye fund-raiser to raise money for Breast Cancer; RHA had a quarter toss and a lollipop tree for the chance to win a T-shirt or a stuffed frog and Zeta Phi Beta had a whipped cream race for treats.

Story by Lareign Ward and Colleen Martin

Jacks fall short of win

Despite a 265-yard passing game by Danny Southall, Hitchcock sophomore, the Lumberjack Football team could not pull off a win in SFA's Homecoming game against the Southeastern Louisiana

Lions.

The Lumberjacks totaled 395 yards of offense in the match-up, but came out with a loss, 23-45, to even them out with a 4-4 overall record and 1-3 in the Southland Conference.

SFA got the upper hand in the first quarter after a 35-yard field goal by Cory Long, Richardson freshman, giving the Lumberjacks the lead, 3-0, in the first two minutes of the game.

However, the Lions did not allow SFA to get on the scoreboard once again until late in the second quarter.

SELU running back Mario Gilbert carried the ball five times for 20 yards in the first quarter, rushing for a 3-yard touchdown to take the lead, 3-7.

Gilbert didn't stop there. After a 6-yard SELU touchdown at the end of the first quarter, he gave the Lions another opportunity to score by rushing 13 yards and increasing their lead to 14-3.

After another SELU touchdown with eight minutes to play in

the half, the Lumberjacks scored off a 7-yard touchdown pass from Southall to Chance Dennis, Houston sophomore, leaving the score at 21-10 at halftime.

Southall, who started the game as quarterback for the Lumberjacks, completed 13 of 20 passes for 145 yards in the first half.

The Lion offensive could not be stopped, with SELU's Jerald Watson rushing 11 yards for the touchdown, increasing their lead to 28-10 over the Lumberjacks.

SFA managed a 2-yard touchdown by Louie Runnels, Bellville sophomore, late in the quarter, but after a missed field goal by Long, the Lions maintained a 12-point lead.

Not long after, Gilbert rushed for another five yards for the SELU touchdown, giving the Lions a 35-16 lead going into the fourth quarter.

With five minutes to play, the Lions captured their biggest lead of the game, 45-16, after a 36-yard field goal by kicker Jim Hall. Southall stepped up for the

Lumberjacks once again, rushing for 4 yards for the touchdown with three minutes to play, but it wasn't enough and the Lions left with the victory, 45-23.

"For us, I thought the critical thing in the game was third downs," SFA head coach Robert McFarland said. "It's obviously something we're going to address."

Southall ended the game completing 19 of 33 passes for 265 yards, and Dennis led the Lumberjacks in receiving, with five catches for 60 yards.

"I thought Danny did a good job," McFarland said. "We decided to go with a little bit of change and change up the rotation. We had to be a little bit more mobile at the quarterback position. He's a great athlete and can also throw the football. I thought he did very well holding onto the ball when he got in traffic."

new fun, old tradition

Despite the skyrocketing gas prices and long distances, parents from all over drove to join their students on campus in the Parents Day festivities of 2005, held on Sept. 17.

Parents Day has been an SFA tradition for many years, but it produces a new experience every time for the parents who come.

This year, about 1,500 parents were registered for the Parents Day events, and many more unregistered parents came to visit with their students and attend the football game against Western Illinois, which SFA won 63-36.

The activities began with check-in on Saturday, where parents who had pre-registered picked up their souvenir T-shirts and packets with information about the events and the SFA campus.

Check-in was followed by coffee with the administration and a welcome ceremony where students taught parents the school song and fight song in preparation for the football game.

The afternoon events included an academic department fair, receptions at the residence halls and organizations and entertainment performed by Team Rootberry, a juggling team.

After a barbecue dinner in the East College Cafeteria, parents were invited to a spirit rally, Lumberjack Alley and the football game.

Clemente and Anna Armenta, parents of Clement Armenta Jr., Houston freshman, said they enjoyed meeting Dr. Tito Guerro III, SFA president, and his wife during coffee with the administration.

"He was very helpful and let us know that if our son had any problems to just let him know," Anna said.

The Armentas even brought neighborhood friends whose daughter will graduate from high school soon to show off the SFA campus and encourage her to

enroll next year.

Armenta Jr., his parents and two younger brothers agree that the best thing about SFA is the pride and traditions, especially sitting in the Purple Haze section at the football game.

This year's Parents Day was especially unforgettable for Stephanie Beard, Houston senior and Parents Day chair.

After spending about seven months preparing for Parents Day, Beard said she decided to let the executives handle the actual events while she and her parents spent the day together.

"Everything ran smoothly," Beard said. "I was really happy with all of the volunteers including SAA, Dr. Guerrero and RHA. We had great teamwork."

Beard said she joined her parents in cheering at the football game and was given the honor of flipping the switch in Garner when the Lumberjacks won the game.

According to the parents, the event was a success.

"We have felt welcomed at SFA since Showcase Saturday and orientation," Vicky and Mike Burns, parents of Megan Burns, Missouri City freshman, said. "SFA is just awesome; it was a great choice for my daughter."

"We have already made reservations for Homecoming, and we are definitely coming back next year for Parents Day," Vicky said.

Joel and Jan Wright, parents of Patrick Wright, Waco freshman, said they were excited about seeing their son perform in the SFA A Cappella Choir in the pre-game.

"I came to SFA to get a more personal music experience, and that is exactly what I have found," Patrick said.

Rob and Deanna Zabinski, parents of Sarah Zabinski, League City freshman, never imagined their daughter's life would be put in danger when they attended the Parents Day entertainment.

During Team Rootberry's performance, Sarah was asked to

surfing juggler

go on stage and stand between Jonathan Root and Bill Berry as they juggled knives around her.

"Even though I had my eyes closed, I thought they were just joking until I heard my dad gasp in the audience," Sarah said.

"We were afraid to watch," Deanna said.

Team Rootberry travels to universities to perform juggling acts. They have won two silver medals at the World Juggling

Federation and a gold medal at the International Juggling Association World Championships.

Their act included stunts that are uniquely their own, and Berry is one of the very few real sword swallows in the entire world.

CCR Rocks Nacogdoches

One of the most popular bands in the world of country music, Cross Canadian Ragweed, performed live on Friday, May 6, 2005, at Jitterbugs in Nacogdoches.

With a sold-out concert, Cross Canadian Ragweed played from 8 p.m. to midnight, performing some of their most popular songs including "One of These Days," "42 miles," "Lonely Girl" and "Sick and Tired," which was their newest release at the time.

These boys from Oklahoma are certainly no strangers to most East Texas college students, and they have played in Nacogdoches every year for the past four years.

Eric Brorman, Dalhart junior, is a Cross Canadian Ragweed fan, and he has seen

them in concert in Nacogdoches for three years.

"Their music is different," Brorman said. "It's not like the mainstream country you get out of Nashville."

Since CCR was first formed in 1994, the band's popularity has soared, especially among Texas college crowds.

"I think we've been playing at the college circuit for 10 years," Grady Cross said. "I love playing colleges. It's very cool."

He said Cody Canada, the lead vocalist and lead guitarist, writes material about real issues that the college-aged generation can relate to.

The band also consists of Randy Ragsdale on the drums and Jeremy Plato on the bass and harmony vocals.

All four band members grew up in Yukon, Okla., where they first began playing together at high school parties and practicing in Ragsdale's father's living room.

Now they all reside in New Braunfels, except for Cross, who remains in Oklahoma because his wife and family are still there.

When it comes down to it, these soulful musicians look beyond the fame and glory that comes with stardom and trace their roots back to the days of playing for pure enjoyment.

"We do it because we love it," Cross said. "It's just something natural."

Starting up Jack Basketball with a PARTY!!!

mardigras madness

go jacks go

Ca-ed Cheer, All-Girl Cheer and the Pam Squad partied at Mardi Gras Madness. The squads performed separate routines and collaborated on one as well.

lady jacks

Jennifer Simpson, Evelyn Edwards, Britany Vinsan and Anitria Mosley enjoy watching the entertainment AT Mardi Gras Madness.

The Lumberjack and Ladyjack Basketball teams kicked off their season in style with the eighth annual Mardi Gras Madness on Thursday, Oct. 27, 2005, hosted by the SFA Alumni Association and ClearChannel radio.

The free event gave students several opportunities to participate in contests with prizes and to join in some school spirit. The contests included Student Organization Knock Out Free-Throw Contest, won by David Thomas, Dallas senior and Alpha Phi Alpha member; a \$1,500 Alumni Scholarship Shot won by Elsa Aguilar, San Antonio freshman; and an old-school game of Simon Says won by Michelle Vinklerek, Houston senior.

All of the contests awarded cash prizes, ranging from \$600-\$20 depending on the event.

Mardi Gras Madness—formerly Midnight Mardi Gras—began as an idea to boost attendance, student attendance in particular, at the first official basketball practice of the season, a date that is set by the NCAA each year. Former Ladyjack head coach Royce Chadwick brainstormed different ideas with the Alumni office, and the concept was created. It was held at midnight on the day NCAA would allow the basketball teams to practice.

“SFA basketball fans had always been invited to come watch the after-midnight practice on the specified date,” Rhonda Minton, Alumni Association communication director, said. “But the basketball program wanted something different that could help generate more interest in their programs.”

The event has sampled a variety of entertainment formats over the years.

“We featured mascots from the Houston Rockets and Dallas

Mavericks, as well as Nike Freestyle Performers from the Nike basketball commercials,” Minton said.

This year, Midnight Mardi Gras was postponed due to the hurricane relief efforts. The event’s time was also changed to 7 p.m. instead of midnight in order to draw more of the community to the event.

The SFA spirit squads performed separately and as a group during the event. Between performances they threw T-shirts, give-a-ways and beads to the audience.

The highlight of the night was the introduction of the 2005-06 Lumberjack and Ladyjack Basketball teams. Upon entering the court, each team showed off its skills with a three-minute practice drill. Afterward, the team members signed autographs for those who attended.

Although the attendance was down this year, the coordinators feel the event was an overall success.

“I think it went very well considering the changes this year—new date, new time, new format,” Minton said.

“During the last hour or so leading up to the event, I anxiously wait to see the crowd filling the Coliseum. Once the music starts, the Mardi Gras beads start flying and you see the excitement on the faces of players and fans alike, you know you have a hit.”

Other event sponsors included Varsity Bookstore and Joe Max Green Insurance.

Out on the town

The SFA Way

Nacogdoches may not be recognized across the state for its nightlife, but our town does offer quite an array for exciting spots for those looking to have a good time.

Bullfrog's Restaurant

1507 North Street

By day, Bullfrogs offers a great menu including burgers and hot wings. By night, one can shoot a few games of pool and enjoy the drink specials. Many people enjoy Bullfrogs on Wednesdays because of the karaoke and inexpensive drinks.

The Anex

1507 North Street

The Anex is connected to Bullfrogs and usually features popular musicians on Friday nights. Some of the artists who

have performed at The Anex include Cory Morrow, Roger Creager and Alien Ant Farm.

Flashback Cafe

109 Wettermark

This cafe is located one block away from campus, making it a popular hang out for those still living in the dorms. Tasos Kritikakis, Houston junior, enjoys the atmosphere.

"It's a cool place to hang out," Kritikakis said. "It's really laid back and has good, inexpensive food."

Sport Shack Bar & Grill

4601 North Street

Sport Shack is a popular spot on Thursday and Fridays. It offers live music, billiards and an inviting atmosphere. During both fall and spring rush, many

greek organizations host parties at Sport Shack. Reginald Hollins, Dallas senior, spends many of his weekends going to Sport Shack.

"It's a jammin' place," Hollins said.

The Lumberyard

1209 East Main

Lumberyard is a three-story bar in downtown Nacogdoches. It offers drink specials and occasional give-aways. Many SFA students, including Katie Wesson, Longview senior, find Lumberyard an exciting place to be on Fridays and Saturdays because of the unique atmosphere.

Ritas Eatery & Cantina

2804 North Street

This restaurant-by-day and bar-by-night is a hit spot with

many local musicians. Open-mic Night on Thursdays showcases many up-and-coming artists and continuously draws a large crowd each week.

Jitterbug's

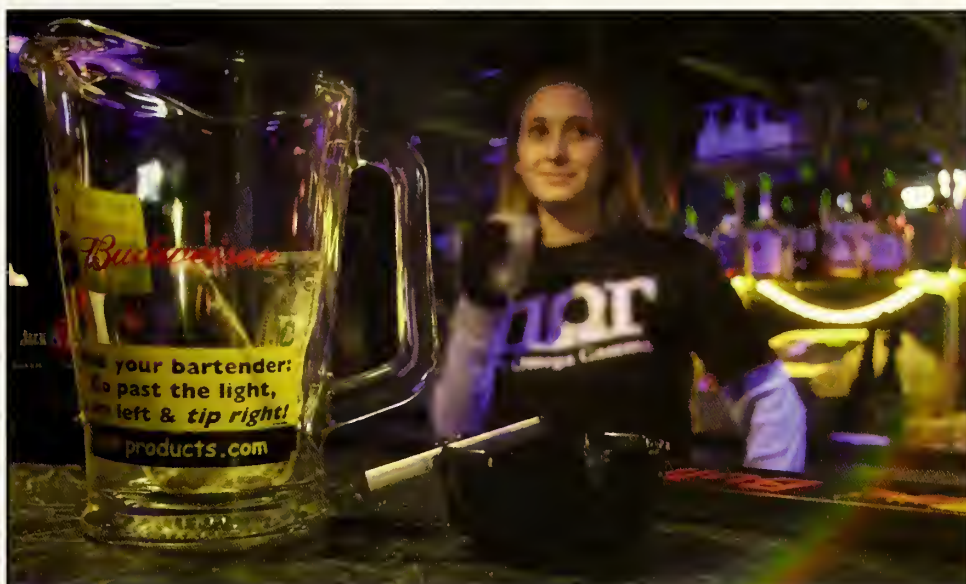

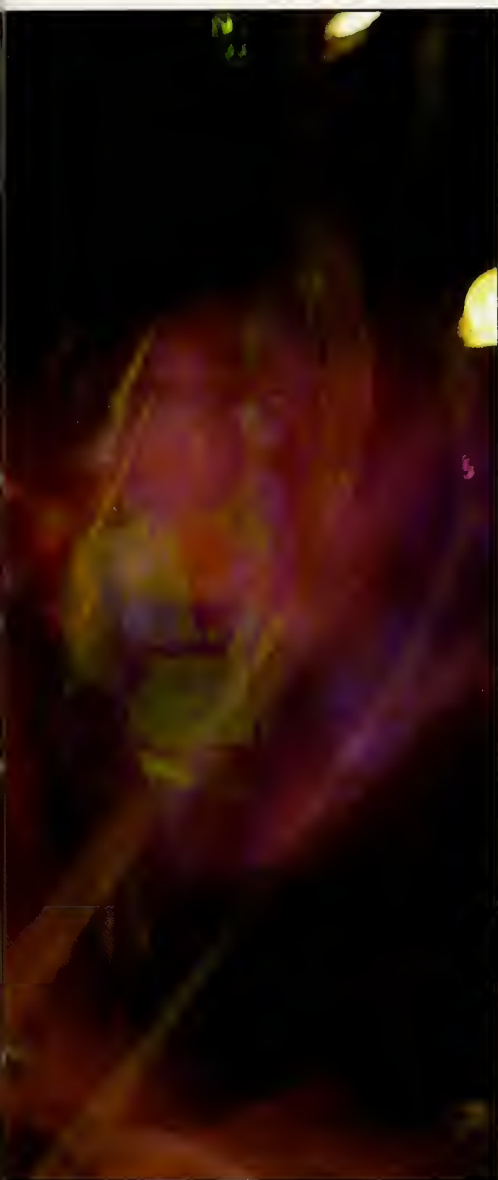

3009 NW Stallings

Jitterbug's is the only country and western spot in Nacogdoches. It offers a huge dancefloor, billiards and dancing.

"They offer cool country musicians and bands," Kimmy Boling, Frankstown junior, said.

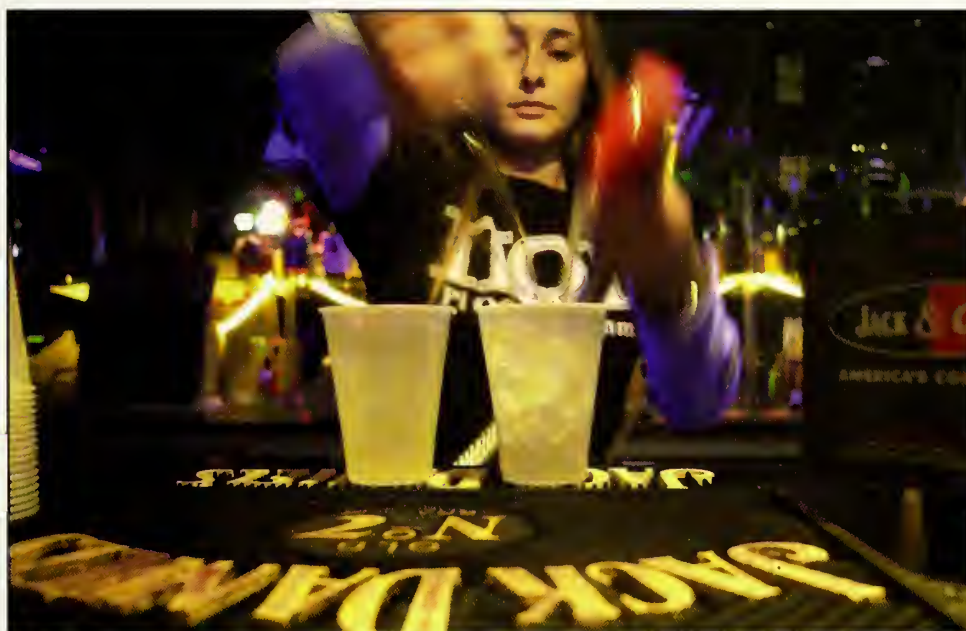

Other popular night spots not featured include Nine Flags, The Back Door, Rack & Cue and Harlon's.

Gettin' Your Study On

Study Spots

There's no way around it—in order to graduate all students must put in a few quality hours of studying at some point in their college career, and the SFA campus offers quite a few study spot options to meet students' different learning styles.

The Ralph A. Steen Library is the number one study location for many students because of the privacy, the access to references, the Internet and the socialization aspect.

"I enjoy studying in groups," Aubrey Byrum, Dallas junior, said. "When I have a test coming up, I try and get a few classmates together, and we meet in one of the study rooms on the third floor of the library."

The campus library is also a popular site because of the AARC, or Academic Assessment and Resource Center. All students enrolled at SFA can receive free access to personal and group tutors.

On Monday through Thursday, the AARC does not offer tutoring until noon, making it a great place to stop in and study during the early morning hours. No tutoring is offered on Friday either, so the space is open to individual studying all day long.

M.E. Pierce, SI Program Director for the AARC, encourages students to stop in and study even if they do not attend regular tutoring.

"We have a huge quiet space that is great for studying," Pierce said. "The tables are large so students can really spread out their books and papers. And there's plenty of room for groups to meet and chat about class."

Many other locations on campus also offer a quiet environment for studying. The new Barnes and Noble Bookstore in the UC offers a small area for students to study

or grab a bite to eat next to the Starbucks Coffee Bar.

While some students enjoy the convenience of studying in their residence hall or apartment, others like Ami Keller, Grapevine senior, learn best in an outdoor environment.

"Sometimes I like to go and sit on one of the benches near the Ag Pond and study for class," Keller said. "It is usually pretty quiet out there, and on a nice day it is a perfect way to deal with studying."

Other outdoor locations around campus also serve as great study spots.

"Across from the Boynton Building are two benches, and on a sunny afternoon I love to sit out there, read and watch the squirrels," Luke Silverman, Katy junior, said.

When living in the residence halls, students can almost always find a quiet getaway close to their rooms since all of the halls offer an area for studying.

Mays Hall and Hall 10 even make studying mandatory for residents. All students residing in these halls must complete 10 hours study hours each week in the Academic Enrichment Center, a study area connecting the two halls.

Although the campus offers a wide range of study locations, some students find it easier to hit the books somewhere else in town. One popular late-night study joint is IHOP on North Street. Students can catch up on reading or study for a final while enjoying a pot of fresh coffee and some pancakes.

Other off-campus locations include Java Jacks coffee house, community parks, apartment lounges and small restaurants.

Story by Amanda Reynolds

(opposite page) all in a row

The graduates sit patiently during the ceremony as they wait to step into the real world. *Photo by Justin Elbert.*

The final step at SFA is graduation. Students walk the stage in front of family, friends, classmates and professors to receive that piece of paper they have anxiously been awaiting.

After the walk across the stage, after shaking Tito's hand, students are congratulated by friends and family. Some students cry because they are so happy to have made it that far; others can't get the smiles off of their faces.

The next step in life is the real world. Many students graduate with a job already lined up, while others are just beginning the job hunt. Other students have chosen

to continue their education by attending graduate school at SFA or another university. Either way, SFA graduates have spent some of the best years of their life making friends, learning, and molding memories that they will never forget.

The years spent at SFA will never be forgotten. Each graduate will be remembered by their professors and their classmates. Each student leaves an impression at SFA.

Graduates may leave the university, but the university will never leave them.

Story by Mindy Arendt

finally out of here

Hurricane Help

Jacks helping others

signing in

Students help in the Coliseum where hurricane evacuees stayed. These students helped with sign in and registration. *Photos by Justin Elbert.*

SFA students pitched in with supplies and manpower to assist the Hurricane Katrina evacuees who ended up in the Nacogdoches area.

"SFA launched a committed, all-out effort to help evacuees (from) the moment they arrived in Nacogdoches," Dustin McLemore, volunteer coordinator and The Woodlands senior, said. "We were able to respond to the need with a tremendous force."

McLemore said the day the hurricane hit, Aug. 29, Assistant Director of Student Affairs Michael Preston came into his office and told him to start preparing for evacuees.

"I think that's when we jumped in," McLemore said. "We really didn't have any idea that we were going to be responding at the level we did."

McLemore praised Preston for his efforts.

"He has done tireless, tireless work," McLemore said. Preston was happy with the number of students willing to volunteer, but the initial response was quite overwhelming.

"We had over 200 e-mails and calls the first day asking how to help," Preston said. "The problem was the response was so great that we had too many volunteers."

When some groups came up to the Nacogdoches Recreation Center, they were turned away because the shelter was overloaded with volunteers.

"It was a crazy time," Preston said. "Later a system got set up that allowed for folks to come by and sign up for a time."

McLemore said the response from organizations also made a

variety of relief efforts possible.

"We've been able to respond to the need with a tremendous force. Without our student organizations on campus, we wouldn't be able to do what we do," he said. "They've really taken the ball and run with it."

In addition, the office of admissions worked to allow evacuees to enroll at SFA. Executive Director of Enrollment Management Monique Cossich said there were 11 evacuees enrolled at SFA.

"We had a team ready to help each student individually with a seamless transfer," Cossich said in a press release. "We had counselors in admissions, financial aid and housing on standby to get students enrolled in class as soon as possible. Because classes had already begun, the sooner we got

them here, the better."

"A lot of the things which we've done have been kind of unnoticed," he Preston. "We prefer to keep it that way. We don't ask for a lot of exposure. We just do it in the spirit of service."

At the Lumberjack football team season opener against Henderson State on Sept. 1, SFA Athletics and Animal Science Products collected almost 1,000 cases of bottled water.

SFA spirit teams collected cash donations for the American Red Cross at the entrance to the first Lumberjack football, collecting \$1,585.86.

Building on

Sports

Strength

Clark

Clark set to break SFA assists mark

At 5'10", Marcus Clark doesn't stand out in a crowd. Weighing only 150 pounds, Clark doesn't pound his way to the basket. But even with his comparatively small frame, Clark gets low and, with ankle breaking quickness, slices his way through a defense like an axe through a pine tree.

Danny Kaspar's Lumberjack Basketball team has relied on Clark's quickness and so many more intangibles for four years.

Clark's player profile on the SFA athletic website features a laundry list of accomplishments beginning with his high school career at Marshall. Since his freshman year as a Lumberjack, Clark has made a profound impact on the court. Playing in 28 games in his first season, Clark led the team with 25.9 minutes per night.

In his sophomore year, Clark started all 30 games for the Jacks and was second on the team with 47 steals.

Clark only got better as his career continued, and in his junior year he led the Jacks in scoring with 13 points per game. He also tacked on a .871 percentage from the free throw line.

Clark, one of only two returning starters for the '05-'06 season, sought to make an even bigger splash in his final year of playing Lumberjack Basketball. He set his sights on breaking the SFA assist record.

Coming into the season, Clark needed only 66 more assists to set the all-time mark for career assists. If he stays healthy, Clark should easily break the record, as he has totaled well over 100 assists in each of the past two seasons.

His play throughout his four years has already made a lasting impact on

Lumberjack Basketball, but breaking the assist record would pen his name in school history.

Clark's contributions to Lumberjack Basketball throughout his gifted four-year career have been innumerable. Kaspar is well known for the fact that fans can hear him discipline his players during a game from the sidelines. With Clark, though, you will often see Kaspar pulling him aside and talking into his ear.

Everything about Clark as an SFA athlete is unique. From his stature to his relationships with teammates and coaches, and to what he has accomplished on and off the court Clark's impact on the University has set the bar high for athletes to follow.

Story by Rustin Rawlings

Jacks rally in fourth quarter

After trailing for a majority of the game, the Lumberjack Football team came from behind to defeat No. 21 UC-Davis, 27-17, on Nov. 5, 2005 in a non-conference match-up.

This win marked the end of a three-game losing streak for SFA and increased their SLC record to 2-3 and 5-4 for the season. The Aggies are now 5-4 for the year.

Starting quarterback Danny Southall, Hitchcock sophomore, recorded five incomplete passes in the first quarter and after being sidelined with an injury, Zeke Dixon, Westlake, La., senior, filled in, only to record two more incomplete passes for the Lumberjacks. SFA finished with zero passing yards in the first quarter, compared to the Aggies' 131 yards.

UC-Davis put the first points of the game on the board in the second quarter after a 33-yard field goal by kicker Emman Benjamin.

SFA answered with a 2-yard touchdown pass to David Coleman, Vinton, La., junior, to give the Lumberjacks the lead, 7-3.

For the remainder of the half, SFA could not stop the UC-Davis offense, giving the Aggies a 17-7 advantage at halftime.

Both teams went scoreless in the third quarter, but the Lumberjacks began turning things around in the final quarter after a 40-yard field goal by Cory Long, Richardson freshman.

Long came through for the Lumberjacks once more with a 20-yard field goal with 9:40 to play in the game and SFA trailing by four points, 17-13.

With five minutes left in the game, SFA fullback Louie Runnels, Bellville sophomore, gave the Lumberjacks the lead once again, 17-20, after a 54-yard touchdown run.

Ryan Luedecke, Bay City senior, sealed the victory for SFA after a 32-yard interception return with a minute left to play and the Lumberjacks came out on top, 27-17.

"Our defense was determined that they weren't going to score in the second half," SFA head coach Robert McFarland said of holding the Aggies scoreless. "On that last turnover, the defense took care of it themselves. The defense went out there and made a big play and sealed the win."

The Aggies held a 100-point advantage over the Lumberjacks in passing yards, completing 396 compared to SFA's 296.

Runnels led the Lumberjacks in rushing, with 15 carries for 102 yards. Carl Price, Manor senior, finished with eight catches for 69 yards and Dixon completed 23-of-53 passes for a total of 296 yards.

"He played well and made some great plays out there for us," McFarland said of Dixon. "He took a lot of hits tonight but hung in there and kept throwing that football."

"I think any win is good," McFarland said. "It's a good feeling. I was so proud of the players. They made up their minds that they wanted this win and they got it."

Lumberjacks beat Nicholls State in overtime

The Lumberjack Football team improved its winning streak to three games with a comeback win in overtime over the Nicholls State Colonels on Oct. 8, 2005, at Homer Bryce Stadium. The SFA run and pass attack combined for 368 total yards, with 245 of those yards in the second half.

SFA started the game strong, driving 73 yards down the field and ending the drive with running back Louie Runnels, Bellville sophomore, scoring on a 25-yard pass from quarterback Zeke Dixon, Westlake, La., senior. SFA's touchdown would be the only points scored by either team in the first half, with both teams' defenses making strong stands in the second quarter. SFA's defense came up with a forced fumble by defensive back Keldrick Holman, Hemphill junior, that was recovered by nose tackle Stormy Wingo, Angleton freshman. Two plays into the drive, NSU's defense recovered a fumble by SFA, but its offense failed to capitalize on the turnover, and SFA went into the half leading, 7-0.

The Colonels started the second half by running the football. They attempted no passes and ran for 236 of their 327 rushing yards in the second half. NSU pounded out a 98-yard drive halfway through the third quarter, tying the game, 7-7, after a 45-yard touchdown run by NSU running back Broderick Cole. With five minutes left in the third quarter, NSU drove 67 yards and scored on a 2-yard touchdown run, giving the Colonels a 14-7 lead over the Lumberjacks.

NSU defense came up with a big play when they forced an SFA fumble, giving the Colonels field position at the SFA 10-yard line following a 17-yard run after NSU recovered the ball. This time, they would capitalize on the SFA turnover, with Cole rushing for his third touchdown and giving the Colonels a two-touchdown lead.

SFA mounted its comeback on the next drive with a 37-yard touchdown pass from Dixon to wide receiver Chance Dennis, Houston sophomore, who totaled nine catches for 92 yards. Following the touchdown, the Lumberjack defense forced an NSU fumble that was recovered by the Lumberjacks, who drove 20 yards but could not score with kicker Cory Long, Richardson freshman, missing a 38-yard field goal.

The Lumberjacks missed a prime opportunity on their next possession when the Colonels made a goal-line stand on their own 2-yard line, stopping the Lumberjacks on fourth and goal. SFA got the ball on its 40-yard line with 1:37 left in the game, and the Lumberjacks went to the air with two quick passes for 37 yards. Dixon found wide receiver Tyrel Williams, Houston sophomore, for an 18-yard touchdown pass to tie the game, 21-21 with only 32 seconds left. NSU took a knee to end the fourth quarter, sending the game into overtime.

"Overtime was an advantage because we felt that the momentum had shifted in our favor," SFA defensive back Ryan Luedecke, Bay City senior, said.

In overtime, SFA's defense held the Colonels, forcing them to kick a field goal, which they missed. SFA started on offense with running back Jerome Brooks, Haltom City junior, breaking for a 23-yard run-down to the NSU 2-yard line.

After two plays for no gain, Brooks had a 2-yard touchdown run to win the game for the Lumberjacks, 27-21.

Ladyjacks win Air Force Classic

The Ladyjacks won the 2005 Air Force Classic in early December, defeating tournament-host Air Force, 67-63, and propelling SFA to 3-3 (.500) on the season. Senior Britany Vinson produced two outstanding game performances, winning tournament MVP honors.

The Ladyjacks jumped out to a 20-5 lead, hitting 78 percent of their shots in the first eight minutes. LaToya Mills scored 12 of the team's first 14 points and finished the game with 23 points and nine rebounds, earning all-tournament honors. She also became the 22nd Ladyjack to score 1,000 career points.

The Ladyjacks forced Air Force into one of its worst performances of the season, holding the Falcons only 31 percent shooting. Vinson had a strong performance from beyond the arc, scoring 17 points while shooting 4-of-9 from three-point range.

In the first-round game earlier in the day, SFA overcame an 18-point deficit to

defeat High Point, 82-81, on a last second three-pointer by sophomore Nikki Carr.

Carr finished the game in double figures, with 10 points on 2-of-5 shooting from three-point range. Vinson led the Ladyjacks with 19 points on 6-of-8 shooting, including 5-of-6 from behind the arc, and also added five rebounds and four steals.

Senior Kendria Smith was SFA's big threat in the low post, finishing the game with 16 points.

With time winding down and SFA trailing by one, 80-79, Carr was fouled, but both free throws were off target, forcing junior Kirby Killingsworth to foul the Panthers' Katie Ralls to stop the clock. Ralls missed the first but made the second free throw.

With only 6.2 seconds on the clock, Carr took the inbound pass across half-court and made an off-balance jumper from 23-feet away for the victory.

Ladyjacks cage 'Kats

After coming off of a major win against the SLC-leading Texas State Bobcats on Feb. 10, 2005, the Ladyjack Basketball team is well on its way.

The Ladyjacks defeated rivals Sam Houston State, 66-56, Feb. 12, 2005, in William R. Johnson Coliseum, improving their record to 6-4 in Southland Conference play.

SFA's Alex Bowman, Houston senior, was a powerful force for the Ladyjacks, scoring the first two points of the game and finishing the game with twelve.

Midway into the first half, Britany Vinson, Plattville, Ala., junior, knocked down a three-pointer off of an assist by Kendria Smith, Shreveport, La., junior, to make the score 9-11, with SHSU leading.

With 6:30 left to play in the half, Vinson hit another shot from behind the three-point arc, but the Ladyjacks still trailed, 17-20.

After trailing for the majority of the half, the Ladyjacks took over the lead after a 2-point jumper by Bowman to raise the score to 23-22 in SFA's favor.

Despite switching leads for the remainder of the half, the Bearcats led at halftime, 27-30.

"I thought the first half, we were flat," SFA head coach Lee Ann Riley said. "Our defense was not very good."

In the second half, SHSU fouls repeatedly sent the Ladyjacks to the free throw line, and after capturing a good lead, 42-37, midway through

the half, SFA never looked back.

The Ladyjacks switched from a man-to-man defense to a zone, and it proved to be effective.

"Sometimes something's not working for you and you have to try something new," Riley said. "We made some great plays in transition."

Vinson remained a threat from behind the three-point line, hitting two more in the second half. Her second basket gave the Ladyjacks their biggest lead of the game, 62-42, with three minutes left to play.

SHSU's multiple three-pointers in the final minutes of the game were not enough to regain the lead and the Ladyjacks came out on top, 66-56.

Vinson led SFA with 20 points, seven rebounds, four assists and no turnovers in 37 minutes of play.

Bowman was the leading rebounder for the Ladyjacks, crashing the boards with 10 and contributing four assists.

SFA post Natalie Kizzee, Houston junior, stepped up for SFA and scored an impressive eight points in 19 minutes of play.

The win would be the Ladyjacks' last of the season as they would go on to lose their final seven games including a 75-45 loss to UT-Arlington in the first round of the Southland Conference Tournament on March 7, 2005.

Jacks defeat HBU

The SFA Basketball team defeated Houston Baptist University on Tues. Nov. 29, 2005 by playing smart basketball and by capitalizing on HBU's turnovers.

The Lumberjacks came into the game with an overall record of 11-1 against the HBU Huskies and looked to further that record in their favor. The last time these two teams met, the Lumberjacks beat HBU by forty points and a final score of 87-47. SFA is coming off their only loss so far, to Kansas State last Saturday. The Lumberjacks looked to get back on track with a win against HBU.

The Lumberjacks started their game against Houston Baptist University rather slowly but it did not take long for them to pick up the pace. The Jacks were led in the first half by Antuane Miller, Washington, D.C., junior, who was 6-for-8 for field goals and 4-for-5 in free throws, totaling 16 points for the first half. Josh Alexander, Shreveport, La., freshman, was a perfect 3-for-3 from the three point range, and 3-for-4 from field goal range, giving him 15 points for the half.

Despite being out-rebounded in the first half, 20-15, the Lumberjacks managed to make be more successful in field goal and three point

percentage than HBU. The Lumberjacks led in almost every category going into the half, except for the fact that HBU had five more turnovers than SFA. The Lumberjacks went into the half with a solid lead of 54-42.

The second half started with SFA in a comfortable lead which it would not lose the whole second half. SFA controlled the ball game in the second half with its commanding lead and its heads up play. The second half was more of a defensive half than the first. The Jacks held HBU to 24 points the entire second half and forced 10 turnovers. The Jacks finished the game with ease, winning 91-66.

Marcus Clark, Marshall senior, who got an honorable mention for Aeropostale's player of the week, had six points, nine assists and four steals for the game. Miller had lead the Lumberjack scoring with 24 points. Josh Alexander, Shreveport, La., freshman, stayed perfect in the second half and ended the game with 14 points and went 4-for-4 from the three point range. Anthony Paez, Lehigh Acres, Fla., junior, also had a good game with 13 points and six rebounds.

Clark, Rivers step up

Marcus Clark scored 27 points, 20 in the second half, as the Lumberjacks rallied from a 10-point deficit in the second half to defeat the McNeese State Cowboys 63-58 on Feb. 3, 2005, at William R. Johnson Coliseum.

The Lumberjacks notched their 10th win of the season along with their eight losses, and improved to 4-3 in Southland Conference play.

Clark, a Marshall junior, led SFA in scoring and was complemented by Hank Rivers, Jersey City, N.J., senior, who had his second straight double-double of 17 points and 12 rebounds. The Lumberjacks played much more aggressively in the second half after scoring only 25 points in the first half and trailing by eight at halftime.

"The team gave a much better effort in the second half," SFA head Coach Danny Kaspar said.

J.T. Williams (13 points, six rebounds) and Edward Garriet (11 points, 3-6 on three-pointers) led the McNeese State attack that shot only 25 percent from the field in the second half and 37 percent for the game.

Free throws were the story of this game as SFA got to the line 33 times (21 made), compared to 15 attempts (12 made) for the Cowboys.

Clark alone out-shot the Cowboys from the line by making 15 of 16 attempts (12-13 in the second half) as he bounced back in a big way after being shutout at UT-Arlington to have his fifth 20-point outing in his last six games.

"Marcus took the team upon his shoulders," Kaspar said. "He's been doing it all season."

The second half was dominated by scoring runs. SFA went on a 10-0 run to tie the score at 42 with 13:57 left. Then, McNeese State countered with an 8-2 run of their own. SFA surged into the lead with another 10-0 run that was highlighted by a Taylor Moore, Fort Worth senior, steal and Tim Simon, Houston senior, lay-up that gave SFA a 52-50 advantage with 6:49 remaining. It was the Lumberjacks' first lead since it was 5-3 with 16:24 left in the first half, and it was a lead they would not relinquish.

Rivers dominated the boards down the stretch by grabbing six defensive rebounds in the final 5:47 in preventing the Cowboys to get second-chance points.

"It was another great effort from Hank," Kaspar said. "We have been looking for a consistent low-post presence all season and he has stepped up lately."

It was the Jacks third win in their last four games and moved SFA into seventh place in the Southland Conference, a half game ahead of Texas State, who the Jacks would defeat 76-59 on Feb. 9, 2005, for their next-to-last win of the season.

Ladyjacks capture conference title

The Stephen F. Austin Ladyjack Volleyball team clinched the Southland Conference title when it defeated Texas State, 3-1, in a three-hour battle at Strahan Coliseum in early November.

The victory gave SFA a 24-2 overall record while leaving them flawless in the SLC at 16-0.

After winning Game 1, 30-24, the Ladyjacks gave up two straight to the Bobcats, 30-27 and 30-26. SFA rallied back in Game 4, 30-28, to force the tiebreaker. The Ladyjacks and Bobcats battled it out in Game 5 before SFA took the overtime win, 20-18.

"We did some good things," said SFA head coach Debbie Humphreys, whose team won its second consecutive and fifth overall SLC title. "We weren't extremely sharp, but the kids found a way to win. It was a weird, weird match. We were pushed, which is what we needed this late in the season."

Lauren Railey, McKinney freshman, led the way for the Ladyjacks with 23 kills, tying her career-high, which she originally set against Texas State the week before in Nacogdoches. Defensively, she nabbed 22 digs to earn her 12th double-double of the season. Collecting four total blocks, Railey led both squads with a season-high three service aces.

JJ Jones, Allen sophomore, set a season high with 65 assists. She also chipped in 18 digs, four kills, and three total blocks on the night.

In addition to Jones and Railey, three other Ladyjacks added double-digit digs. Stephanie Figgers, Katy junior, collected 34 digs, which ties the fourth-best mark in school history. It was the second time this season

she's recorded over 30 digs in a match.

Jami Hill, Bonham sophomore, collected 11 digs while Laura Cramer, Abilene junior, had 25. Together with 19 kills, Cramer earned her 15th double-double of her junior season.

Jessica Watson, Jewett senior, and Traci Rohde, Norman, Okla., sophomore, had the most blocks on both sides. Watson collected six while Rohde had a match-high seven, including one solo.

Just like the saying goes, good things unfortunately came to an end on Saturday, Nov. 21 for the SFA Volleyball team. Texas State ended the Ladyjacks' 21-match win streak in the conference semifinals at Texas Hall.

The Bobcats registered a .287 attack percentage against SFA, one of the best hitting percentages surrendered by the Ladyjacks all season. In fact, it was Texas State that recorded the solid defensive effort posting 66 digs and 20 blocks while holding SFA to a .130 attack percentage.

Cramer, Southland Conference Player of the Year, led SFA with 11 kills, but she was the only Ladyjack to register double-figure kills in the match. Lauren Stevens, Schertz senior, and Rohde each added nine kills, but it wasn't enough as Texas State recorded the first shutout victory over SFA this season.

Figgers, recorded a match-high 22 digs, while conference setter of the year JJ Jones, dished out 42 assists. Railey finished the night with eight kills and 11 digs.

The Ladyjacks finish the season with a 28-3 overall record.

Debbie Humphreys
Head Coach

Stephen F. Austin Ladyjack head volleyball coach Debbie Humphreys enters her 18th season in Nacogdoches as one of the most successful coaches in the game today. Humphreys' tenure at SFA has brought a level of success that few schools can boast about. Humphreys entered the 2005 campaign with 378 career wins and a .662 winning percentage, both of which rank among the nation's top 50 for currently active head coaches. Humphreys is only 22 wins shy of moving onto an elite list of currently active coaches with 400 career victories.

The 2005 season was no different for Humphreys as she guided the Ladyjacks to a share of the Southland Conference regular-season title and a No. 1 seed in the conference tournament. It marked the fifth time in her career that she guided the Ladyjacks to an SLC regular-season title.

The Ladyjacks' path to the 2005 title was just as impressive as the title itself. After a slow start, Humphreys rallied her troops as they rattled off 17 straight victories to take the crown and finish the season with a 28-3 overall record, marking the 12th time Humphreys' teams have won at least 20 matches in a season.

Ladyjacks stay perfect in SLC play

The Stephen F. Austin Ladyjacks remained unbeaten in their Southland Conference schedule as they defeated the Northwestern State Lady Demons in three games on Oct. 15, 2005, at Prather Gym in Natchitoches.

The Ladyjacks took a close Game 1 30-27 and did not allow the Lady Demons to recover as they finished the sweep, 30-23 and 30-16. The Ladyjacks had a hitting percentage of .368 while holding Northwestern State to .152.

Leading SFA to its 10th straight win was Lauren Railey, McKinney freshman. The McKinney, Texas native matched her career-high 18 kills and had 10 digs to earn her ninth double-double this season.

JJ Jones, Allen sophomore, helped Railey with 44 assists and 14 digs. Lauren Stevens, Schertz senior, Laura Cramer, Abilene junior, and Traci Rohde, Norman, Okla., sophomore, each had 10 kills on the night. They each also collected a solo block.

Jessica Watson, Jewett senior, collected three total blocks, two solo. The win extended the Ladyjacks' overall record to 17-2 and kept them perfect in SLC play at 9-0.

The Ladyjacks continued the streak by winning their 11th straight match and extended their Southland Conference record to a flawless 10-0 after defeating the Sam Houston State Bearkats, 3-2, in a battle for first place in SLC volleyball action on Oct. 18, 2005.

The Ladyjacks battled back from being down 2-1 to win games four and five, solidifying their SLC first-place standing.

After winning the first game, 30-26, the Ladyjacks weren't able to hang on as the Bearkats fought back to take game two, 30-25. Carrying their momentum into game three, SHSU took a 2-1 lead over the Ladyjacks with a 30-17 win.

It ended the Ladyjacks streak of 18 consecutive games won, dating back to the third game of their previous matchup against the Bearkats on Sept. 30, 2005, six matches before.

However, SFA battled back in game four to take the win, 30-28, forcing a fifth game. In the deciding game, the Ladyjacks were the first to 15 points, taking the match 15-10.

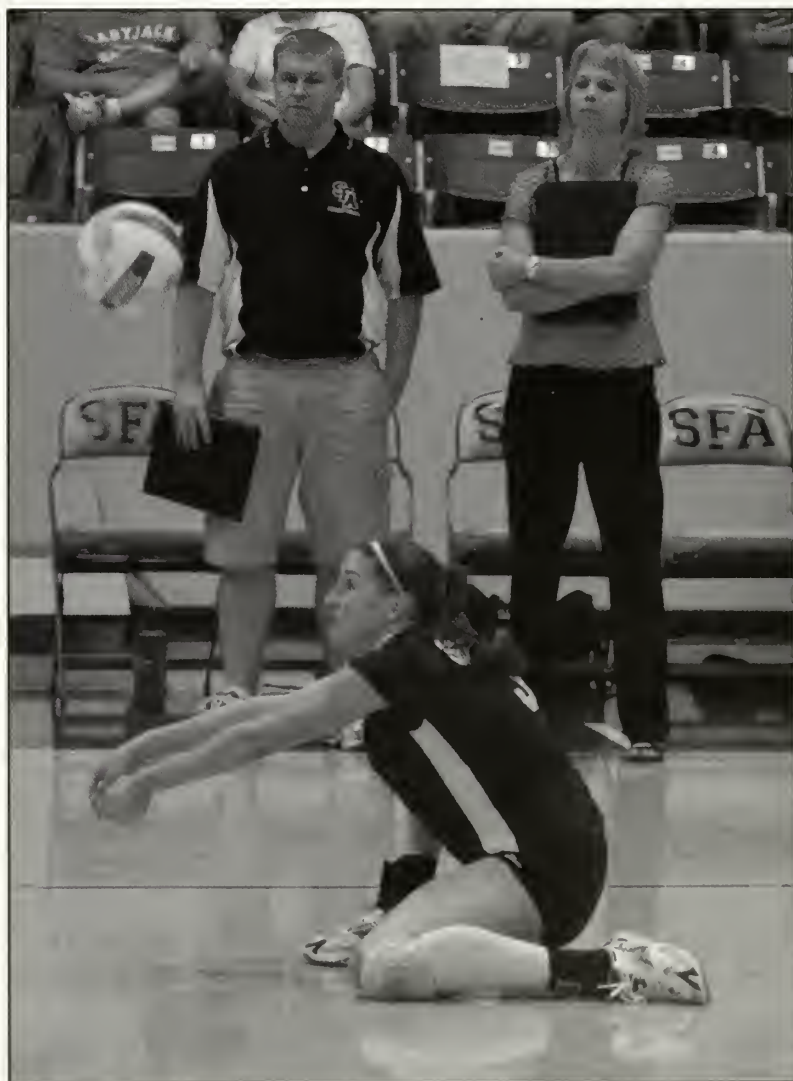

Leading the way for the Ladyjacks was junior Laura Cramer who collected 18 kills, followed by freshman Lauren Railey's 16. Sophomore JJ Jones dished out 55 assists in the five-game set.

Senior Lauren Stevens and junior Traci Rohde also collected double-digit kills with 11 apiece. The Ladyjacks set up 11 total blocks on the night, with Rohde being a part of five and Cramer taking part in four.

Junior libero, Stephanie Figgers, collected 29 digs with two service aces.

The win marked the 11th straight for the Ladyjacks, who moved to 18-2 overall and 10-0 in SLC play. The Bearkats fell to 10-9 on the year with an 8-2 SLC mark, both losses coming at the hands of the Ladyjacks.

Ladyjacks struggle again

The Ladyjack Softball team finished the 2005 season with a conference record of 8-19 and an overall record of 16-30 in the team's fourth consecutive losing season.

The Ladyjacks began the season by going 1-3 in the South Carolina Gamecock Softball Tournament but were able to even their record by sweeping a doubleheader against Texas Southern on Feb. 11, 2005.

SFA then dropped 12 of its next 13 games, including sweeps at the hands of Texas A&M, Texas State and rival Sam Houston State.

The Ladyjacks then rattled off five wins in the next six games, which included taking both ends of a doubleheader on Feb. 16, 2005, against Arkansas, 10-8 and 9-5, with Traci Moore, senior, picking up the win in both games and Lee Lara, junior, going 4-6 at the plate with three runs batted in and two runs scored.

The rest of the Ladyjacks' season was filled with short winning and losing streaks of three and four games including being swept in a three-game series against McNeese State and a three-game sweep of Louisiana-Monroe within the Ladyjacks' roller coaster 18-game stretch.

Entering the final three-game series of the regular season against Southeastern Louisiana, the Ladyjacks needed to sweep the Lions and get some help in order to clinch a spot in the Southland

Conference postseason tournament.

SFA, however, would be swept by the Lions 8-0, 6-3 and 7-6 to put an end to the Ladyjacks' disappointing season without a postseason berth.

Tara Hersey, junior, led the Ladyjacks in all three Triple Crown categories with a .379 batting average, five home runs and 37 RBIs.

Carrie Woydziak, junior, led the team in hits(58), runs scored(30), triples(five), on base percentage(.418) and tied Kristina Swart, junior, for the team lead in stolen bases with 19.

On April 29, 2005, head coach Jennifer Poulsen stepped down as head coach after a four-year stay with SFA in which the team compiled a 77-139 record and never reached the postseason tournament.

SFA named former Pittsburg State head coach Jenifer Wells the new head coach for the Ladyjacks. In her four years at Pittsburg State, Wells's teams compiled a 127-108 record, 109-76 over her last three seasons, including a 44-win season in 2003.

With Wells and new assistant coach Fred Gillum at the helm, the Ladyjacks will look to make a fresh start in 2006 and make a return trip to the Southland Conference postseason tournament.

Ladyjacks sweep Louisiana-Monroe

Needing a strong finish in their final nine Southland Conference games to possibly qualify for a spot in the Southland Conference postseason softball tournament, the SFA Ladyjacks took their first steps toward that goal with a doubleheader sweep of the UL-Monroe Lady Indians on April 9, 2005. SFA won Game 1 in the 11th inning, 5-4 and kept the momentum going with a 5-0 shutout in the nightcap.

SFA (14-23, 6-14) fell behind UL-Monroe (13-36, 4-16) 3-0 in the top of the third inning in Game 1 when the Indians scored three runs on five hits off the Ladyjacks' Nicole Carter. SFA answered with two runs in their half of the inning to cut the lead to one. Both the Ladyjacks' runs were unearned after Crystal Dahlquist reached on what would have been the third out of the inning when the catcher mishandled the third strike.

Tara Hersey singled down the line in right to move Dahlquist to third which was followed by a walk to load the bases. Ragen Rutherford came through with a sharp single to drive in both runs.

Hersey also drove in a run in the fifth to tie the score at 3-3 with a ringing double to the gap in left center. UL-Monroe scored a run in the top of the seventh inning off Traci Moore to move ahead 4-3, but SFA came right back to tie the score with a run in the bottom half of the seventh when Hersey singled to open the inning. She eventually scored on a sacrifice fly off the bat of Carter to force extra innings.

The Ladyjacks finally got the gamewinner in the bottom of the 11th inning when Hersey once again came through with an RBI single to win it for the Ladyjacks. Moore picked up the win after working 7.2 innings and allowing one run on six hits and striking out six.

SFA kept it going in Game 2 with a 5-0 shutout win over the Lady Indians as Moore, Carter and Julie Morse combined to blank ULM on just three hits. Carter picked up the win with 2.1 innings of work and Traci Moore came on to close it out with two innings of scoreless

relief.

Carrie Woydziak went 4-4 with a run scored and an RBI in Game 2 and Jessica Tullos also went 2-3 with an RBI and two runs scored. Crystal Dahlquist also added a two RBI double in the nightcap as SFA scored five runs on 11 hits off UL-Monroe pitching.

The Ladyjack Softball team improved to 15-23 on the season and 7-14 in Southland Conference play the following afternoon, rallying to defeat Louisiana-Monroe, 5-4, in 10 innings to complete the three-game sweep. Nicole Carter recorded the game-winning hit with double to plate Lee Lara.

The Ladyjacks fell behind by three runs in the second inning when senior Ragen Rutherford doubled in Lara for the Ladyjacks' first run of the game, cutting the lead to 3-1.

Rutherford cut the lead down to one run when she hit a solo shot to left center in the bottom half of the fourth inning. She finished the afternoon going 3-for-5 with two RBIs and a run scored. ULM answered with another run in the top half of the fifth to increase their advantage back to two runs, but it would be the last time a Lady Indian would cross home plate as the SFA pitching staff shut down ULM over the final five innings.

The Ladyjacks tied the game at 4 in the bottom half of the sixth inning. SFA had runners on second and third with two outs when Crystal Dahlquist singled to score Jessica Tullos and Kristina Swart. Dahlquist finished the game 2-for-3 on the afternoon with two RBIs.

The score remained 4-4 until the bottom half of the 10th inning when Carter stepped up to play the role of hero. Carter was 3-for-5 at the plate with the game-winning RBI.

Traci Moore pitched six innings to pick up the victory. Moore surrendered only one run on four hits while striking out six batters.

Six named to all-SLC squads

2005

Coaches

Jaime Frias
Head Coach

Tara Schuling
Assistant Coach

Luke Nelson
Graduate Assistant

The Southland Conference champion Stephen F. Austin Ladyjack Soccer team had six players selected to the 2005 All-SLC squads and took three of four superlative honors, according to a release from conference officials on Nov. 3, 2005.

Forward Amanda Alders, Colleyville freshman, was named Freshman of the Year, and defender Camren Norris, Houston junior, was named Newcomer of the Year. The Ladyjacks also landed three spots each on the first- and second-team all-conference squads.

Alders, who finished the regular season as the conference's leading scorer with 15 goals, was the only freshman named first-team all-SLC. The forward posted an amazing rookie campaign, tying the school record for goals in a season. She scored at least one goal in each of the Ladyjacks' last 11 contests.

Joining Alders on the first team were co-captains Kim Gray, Spring senior, and Natascia Michalezki, Calgary, Alberta, senior. The two experienced players led a defensive unit that allowed just 11 goals and posted 11 shutouts this season, both tops in the league. The 11 shutouts are a school record.

Gray, a defender, also scored five goals and added one assist in earning the fourth all-conference nod of her career. She was a second-team selection as a junior and a first-team player in each of the last three seasons.

Michalezki is also making her fourth appearance on the all-SLC team. The goalkeeper was a second-team selection in each of her first two seasons and took first-team honors as a junior. Michalezki's 0.74 goals against average and .880 save percentage both lead the conference this season. She posted a 12-3 record with nine shutouts this year.

Norris, a senior, was named to the second-team list, along with Megan Spitzmueller, Houston freshman, and Amanda Lackey, Humble freshman. Norris, in her first full year with the Ladyjack program after transferring from the Naval Academy, scored one goal this season and teamed with Gray and Michalezki in leading the best defensive team in the Southland Conference. Spitzmueller and Lackey, both midfielders, helped give SFA some offensive punch. Lackey finished the regular season second on the team in goals with six and added three assists. Spitzmueller compiled two goals and an assist.

Frias was named Coach of the Year for leading the Ladyjacks to a 14-3 record and a 7-0 conference mark in his first season as the program's head coach. The Ladyjacks were on a school-record 11-match winning streak, heading into the SLC Tournament in Natchitoches, La., as the No. 1 overall seed. The Ladyjacks would fall to Sam Houston State in the semifinals with a final score of 3-1.

Ladyjacks roll over Sam Houston State

Six different Ladyjack players got in on the scoring as the SFA Soccer team rolled to a 6-1 Southland Conference victory over Sam Houston State on Oct. 14, 2005, at the SFA Intramural Complex. The Ladyjacks bolted out to a quick start with two goals in the first half, then poured it on after halftime with four more scores.

The win improved the Ladyjacks to 10-3 on the season (4-0 in SLC action) and extended their winning streak to seven matches, which equals their best run from last season. Sam Houston fell to 2-10 overall and 2-2 in SLC play.

"I thought our girls played extremely well," SFA head coach Jaime Frias said. "They executed our game plan to the tee. It was a great team effort today - this was definitely a team win."

The Ladyjacks opened the scoring in the 17th minute when Megan Spitzmueller, Houston freshman, took a cross from classmate Summer Bradfield, Spring freshman, and put it past Sam Houston goalkeeper Melissa Saucedo. The goal was Spitzmueller's second of the season.

Sam Houston answered in the 36th minute when Raquel Bueno found the net on a free kick. She launched the shot from just outside the penalty box and angled it into the upper right corner, out of the reach of SFA goalkeeper Natascia Michalezki, Calgary, Alberta, senior. The goal tied the score at 1, but not for long.

Ladyjack Kim Gray, Spring senior, broke the tie three minutes later when she gathered a loose ball in front of the Sam Houston net and drove it home, following a Caitlin O'Brien, Spring sophomore, corner kick. The goal was Gray's fourth of the year and second in as many games.

SFA went to halftime with a 2-1 lead.

The Ladyjacks extended their lead just three minutes into the second half when Alicia Reese, Spring junior, sent a shot past the goalkeeper

and off both posts before rolling in. It was the junior midfielder's second goal of the season.

Reese's goal opened the flood gates. SFA's leading scorer, Amanda Alders, Colleyville freshman, got into the act in the 58th minute when she took possession near the Sam Houston net and slipped a quick shot past Saucedo for her 11th goal of the season. The goal gave Alders at least one goal in each of the Ladyjacks' last seven contests, and she entered the match as the SLC leader in goals and points.

Kristel Lindsey, Houston sophomore, scored her fourth goal of the year in the 73rd minute, with a nice feed from Mary Surkein, The Woodlands junior. Lauren Cummings, Kingwood senior, tacked on the final score with nine minutes left, on an assist by Alders.

"We've been working all week on getting numbers in and around the box on our attacks," Frias said. "We did an exceptional job of that today, finding the right player on the cross then finishing it off by getting a head or a body on the ball."

At the other end of the field, Michalezki recorded seven saves, including a couple of tough stops in one-on-one situations early in the contest. This gave the senior goalkeeper 67 saves for the season. The Ladyjacks would look for their eighth consecutive victory Oct. 16, when they head to Shreveport, La., for a non-conference meeting with Centenary.

"One of our team goals was to win seven of our 10 non-conference games," Frias said. "A win against Centenary would put us at that goal. The girls have that objective in mind. They've been guided all year long by goals. This would be the first one of many for them to accomplish this season."

Ladyjacks sweep Nicholls State

The Stephen F. Austin Ladyjack Tennis team picked up its lone Southland Conference victory of the 2005 season by dominating Nicholls State, 7-0, on Apr. 9, 2005, in Thibodaux, La. The win pushed the Ladyjack's record to 6-12 (.333) overall and 1-7 (.125) in league action.

Robin Houston, Shreveport senior, and Laura Harrison, Shreveport sophomore, teamed up to take the first doubles match, giving the Ladyjacks an early 1-0 lead and were never really contested after that. Harrison also defeated the Lady Colonels' Dorian Robichaux, 6-1, 6-0, at No. 1 singles to increase the Ladyjacks lead to 2-0, and set the tone of dominance for the rest of the tournament.

Ashley Johnson, Nacogdoches senior, and Megan Langston, Abilene junior, easily won the other doubles match of the day, and Johnson also picked up a singles win in straight sets over Shamra Gray, 6-2, 6-0.

The Ladyjacks won the remaining three singles matches of the day in straight sets as well.

The Lady Colonels' Cheri White gave Melissa Bass, Arlington senior,

the most trouble of all the singles matches, but Bass pulled out the win, 7-5, 6-4.

Lauren Nowicki, Jacksonville, Fla., sophomore, defeated her counterpart, Monique Savoy, 6-1, 6-3, then watched teammate Kama Scott, Abilene junior, play the most dominating match of the day. Scott kept her opponent, Jordan Vaccarella, from scoring a game point in winning, 6-0, 6-0.

The win was the highlight of the Ladyjack's season, which did not go the way they had hoped. SFA would drop their final two tournaments of the season to finish with a record of 6-14, 1-9 in Southland Conference play.

The 2006 season looks bright for the Ladyjacks with Scott, a second-team All-Southland Conference selection returning for her senior season. Scott recorded an 8-2 record in conference play during 2005, and she enters her senior year with career totals of 36 singles wins and 24 doubles victories.

Coach

Profile

Bret Arrant
Head Coach

Arrant is in his 11th season at Stephen F. Austin.

During his first nine years on campus, the Ladyjacks have averaged more than 10 wins a season. Arrant has recorded 92 career victories at SFA.

In 1999, Arrant led the Ladyjacks to a second place finish in the Southland Conference. The league runner-up finish was the best finish in school history.

During the 2000 season the Ladyjacks went 13-9 overall and 8-1 during Southland Conference play.

Arrant has been a member of the United States Professional Tennis Association for 11 years.

Successful year for Jacks Golf team

The 2005-06 Lumberjack Golf team continued its success from last season, which included three first-place, three second-place and two third-place finishes.

Brian Grossman, Mansfield senior, was the lone returning regular from last year's team, with Dustin Byrd, Jeremy Ice and Trevor Sauntry all graduating. Grossman posted a 74.86 stroke average in five tournaments (15 rounds) with one top-10 finish last fall and recorded a 75.7 stroke average in six tournaments (17 rounds) with two top-10 finishes in the spring season.

The Jacks also have Spencer Hutton, St. Cloud, Minn., junior, and Chad Spencer, Houston sophomore, returning after making appearances in a couple tournaments each.

The Jacks began last year by winning two of their first three tournaments and tying for second in the other. SFA closed out the fall season by finishing third in both the Louisiana Tech Invitational and the Oral Roberts Invitational.

The spring season was a struggle for the Jacks, as they finished in

sixth place in two tournaments and ninth in another two. However, the Jacks did put on a good showing at the Bearkat Classic on March 11-12, 2005, by finishing second.

The Jacks' best showing of the year came at the Diet Pepsi-Shocker Classic in Wichita, Kan., on April 5-6, 2005. SFA finished first as a team, beating 11 other teams, and Sauntry tied for first overall with an individual three-round score of 214(+1), before losing in a playoff.

SFA finished the season by placing fourth in Southland Conference Championships April 25-27, 2005. Byrd had the best showing in this tournament, tying for seventh place with an overall score of 220(+4). Byrd was the most consistent player throughout the year, placing in the top-10 six times in 10 tournaments.

The Jacks are led by Head Coach and 1969 SFA graduate Mike Hopson, who enters his sixth year as head coach of the team. Hopson guides the golf team looking to again win multiple tournaments and have a better showing in the Southland Conference Championships.

Coach Profile

Mike Hopson
Head Coach

Mike Hopson is currently in his sixth year in charge of the Lumberjack Golf program after taking over for Bill Hill following the 2000 season. Hopson returned to coaching after a lengthy career as a public school administrator in Rockwall and Plano.

Hopson played collegiately for Tyler Junior College, earning NJCAA All-American honors. He also played the 1966-67 season at the University of Oklahoma, helping the Sooners to an NCAA tournament appearance.

Hopson spent several years in the early 1970s coaching at Plano Senior High. He returned to college coaching for the 1975 season, leading Trinity Valley Community College (Henderson County Junior College at the time) to two conference titles in his four seasons as the head coach.

Hopson also spent two years in the early '70s as a golf professional before returning to teaching. He maintains an active tournament schedule where he has won six North Texas Senior PGA events.

In spring 2003, the Lumberjack Golf team finished third at the Southland Conference Golf Championships in Hattiesburg, Miss. Among the five member SFA golf team at the conference championship, three were freshmen, while the other two were only sophomores.

Rodriguez breaks SFA 10,000-meter mark

The sweet smell of success is no stranger to Ana Rodriguez.

This Dallas senior has been a strong force for the Ladyjack Track and Cross Country teams during her years at SFA. She graduated in May 2005 with seven individual Southland Conference Championships under her belt.

To add to her many accomplishments, Rodriguez broke the SLC record in the 10,000-meter run at the Mount SAC Relays in California on April 16, 2005. She crossed the finish line with a time of 34:35 to finish 23rd overall and officially left her legacy as a Ladyjack, breaking the SFA record for the 10,000-meter run as well.

"I was not aware that it was a Southland Conference record," Rodriguez said.

She said it was not until the following Monday after the race that she learned about her new record and said even though she is proud of the feat, she still wishes she had run faster.

This humble attitude and many hours of hard work and discipline helped Rodriguez become the accomplished athlete she is today.

A 12-time All-SLC athlete, Rodriguez finished 16th at the NCAA Outdoor Championships in the 5,000-meter run with a time of 17:14 and earned all-region honors by finishing third in the 5,000 meters at the NCAA Midwest Regional Championships.

Her time of 16:52 in that race was a new school record.

Despite her long list of individual victories, Rodriguez said she is

more proud of the titles won as a team.

"You have a greater sense of accomplishment," she said.

Rodriguez also won the 5,000-meter individual title at the 2004 conference outdoor meet and earned all-SLC honors in the 3,000 and 5,000-meter distances at the 2004 indoor championships. She won the 2003 SLC Cross Country individual title, leading SFA to its consecutive team title, and earned SLC Female Athlete of the Year honors.

Named the 2003 team MVP, Rodriguez has learned what it takes to be a champion.

"It has made me disciplined and responsible," she said of her years on the Track and Cross Country teams. "You learn to be tough."

The oldest of four girls, Rodriguez said she wants to set an example for her younger sisters.

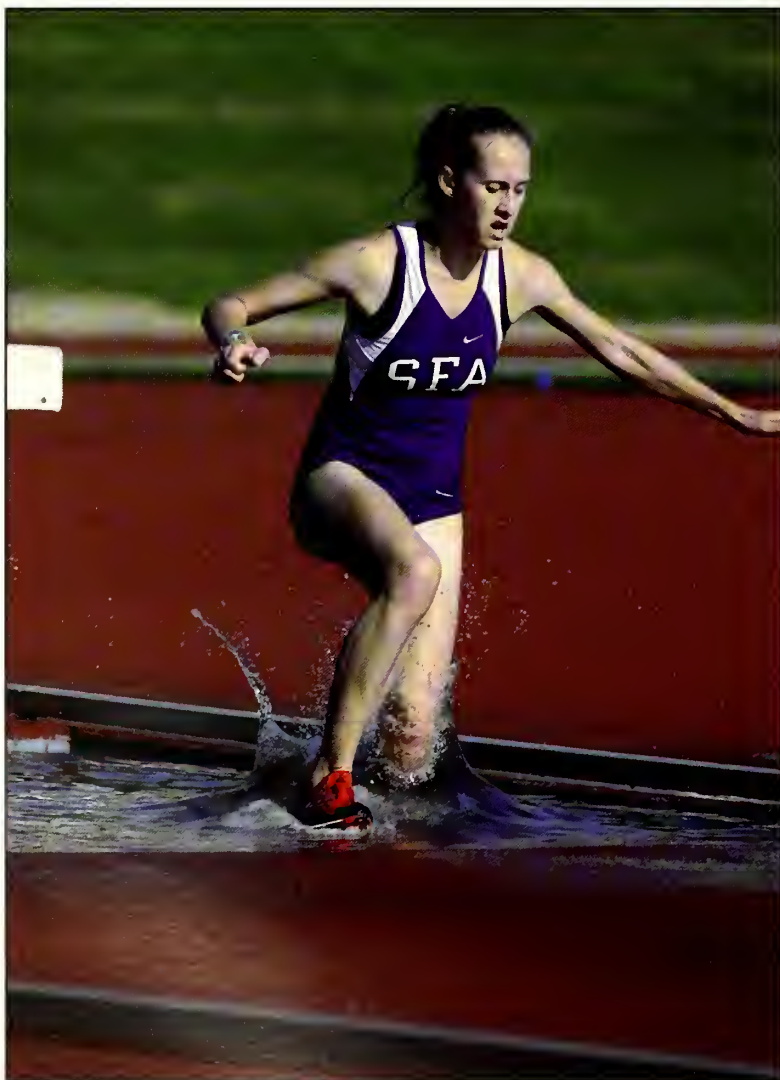

Despite all of her victories and titles, Rodriguez said she will miss her team the most after graduation, as well as the scenic Nacogdoches trails she has become accustomed to running on for the past few years.

"It's been great to have a coach that knows about distance and be part of a team," she said. "It's been an awesome experience."

This Ladyjack knows what it takes to win and said being a successful runner takes a little bit of talent, but a lot of hard work.

"If you put your heart into it, eventually it will pay off."

Monteau makes second straight trip to NCAAs

SFA's Ashley Monteau, Anahuac sophomore, ran in the NCAA Cross Country Championships on Nov. 21, 2005, at Indiana State University in Terre Haute, Ind. This is the second straight year Monteau has qualified for the national championships.

Monteau finished the 6,000-meter course in a time of 21:02, good for 90th out of the 253 competing runners, and 41 seconds faster than her run at last year's NCAA Championships. The run capped off a great season for Monteau, who won three of the six races she competed in, including winning at the Southland Conference Championship for the second consecutive year on Oct. 31, 2005, in Natchitoches, La.

"It's a great way to end a great year for Ashley and for our women's program," SFA cross country coach Lou Snelling said. "It's always good to toe the line at the national championships."

She qualified for this season's race by finishing fourth overall in the NCAA South Central Regional Championships, held Nov. 12 in Waco. Monteau finished the 6,000-meter course with the identical time of 21:02. Last year, she qualified for the national race with an 11th-place finish at regionals and went on to finish 75th at the NCAAs.

Snelling said he expected Monteau's experience to aid her in this year's race.

"I think she's got a great opportunity to improve on her finish from

last year," Snelling said. "When we sat down at the beginning of the year, we talked about being in the Top 50, and I think that's pretty realistic."

This marks the third consecutive year for the SFA cross country program to send an individual to the NCAA Championships. Lumberjacks Mike Thompson and Nathan Flores qualified for the event in 2003, and Monteau and Julian Acuna reached the national level last season. Monteau is the first athlete from SFA to make consecutive appearances at the NCAAs.

"The NCAAs are always a very unique experience," Snelling said. "For her to have been there and done that already, it's a great help. She knows exactly what to expect at every level, and that's going to be a big benefit for her."

Monteau will look to make it to the NCAA Championships for an amazing third consecutive year next year as a senior.

"It was just a very fast race today," Snelling said. "It was a great experience for her to have. When she comes back next year, she'll be ready for whatever comes her way."

Congratulations SLC Champions

Coach Profile

Lou Snelling
Distance Coach

SFA distance coach Lou Snelling is in his fourth season with the SFA distance program. Snelling has had a dramatic impact on the SFA distance and middle distance programs during his short time in Nacogdoches. Snelling was named the 2004 SLC Men's Cross Country Coach of the year after guiding the Jacks to their fourth-straight league crown.

Four Jacks earned all-conference honors at the meet. The Ladyjacks just missed their third-straight league title, finishing second at the 2004 conference championships, but had three all-conference athletes, including sophomore Ashley Monteau, who won the individual title and was named league female athlete of the year. Both Monteau and junior Julian Acuna earned all-region honors and advanced to the NCAA Championships, marking the first time SFA has sent a female to the NCAA Cross Country Championships. Monteau finished 75th overall at the NCAA Championships, while Acuna was 152nd overall.

It is also the second consecutive season that SFA has sent two runners to the NCAA Championships. The Lumberjacks also received votes in the national cross country poll each of the last two seasons.

The bat is back

Donnie Watson has been tabbed to lead the return of intercollegiate baseball at SFA. Watson will serve as head coach of the program, which returned in 2006 after an 11-year hiatus.

"After a thorough search of a field of more than 100 candidates, it gives me great pleasure to announce that Donnie Watson will lead the Lumberjack baseball program as it returns to the field in the spring of 2006. Donnie impressed us with his knowledge of the game, his enthusiasm and his plans to bring baseball back at SFA," athletic director Steve McCarty said.

Watson most recently served as an assistant coach at TCU, spending 11 seasons with the Horned Frogs from 1993-2003. Watson was the assistant head coach, baseball operations manager and recruiting coordinator at TCU in 2003 when he helped guide the Frogs to a 35-17 record, the third most wins in TCU history. He served as both the hitting and pitching coach for the Horned Frogs and set pitching records at the school in the metal bat era. His teams also hold every school record for offense.

One of the top pitching instructors in the country, Watson has spent the past year as an instructor at baseball camps conducted by the National Pitching Association. He was the first instructor to be awarded

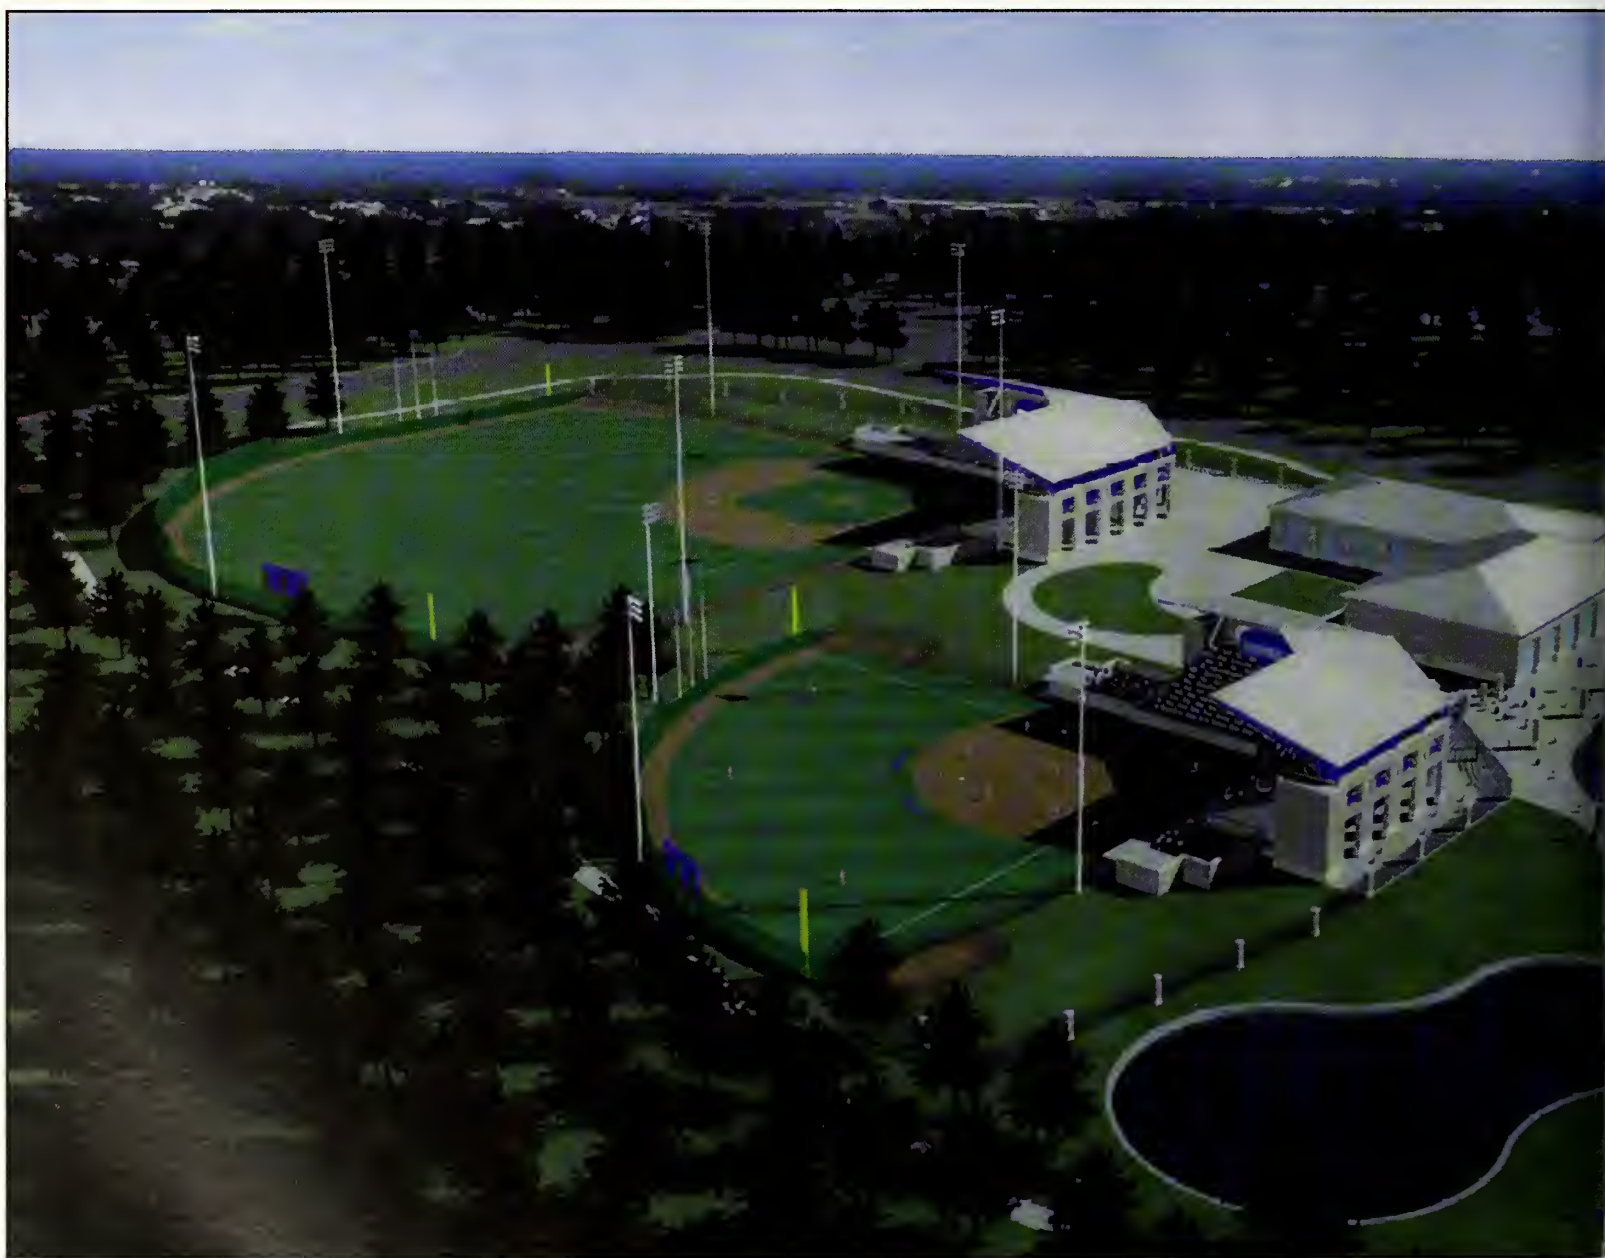

an entire state to oversee when he was named the director of the state of Texas by NPA. Major League Hall of Fame pitcher Nolan Ryan is one of many who believe Watson is one of the top pitching teachers in the country.

"Donnie is a great pitching coach and a great leader. I know from personal experience that any young pitcher that is focused on being their best will benefit from working with Donnie." Ryan's sons, Reid and Reese played for Watson at TCU.

The Dallas native has also recruited some recognizable names in college and major league baseball. Included among that group is current Chicago Cubs all-star pitcher Kerry Wood, Matt Howe, son of New York Mets manager Art Howe, Eric Garner, son of current Astros manager Phil Garner, and three freshmen All-America selections- Shelby Ford, German Duran and Chad Huffman.

As a player, Watson was an all-region and all-conference pitcher and designated hitter at the University of Dallas and was inducted into the UD Hall of Fame in February 2002. He also won a state title as a coach at Southlake Carroll in 1982.

Inaugural season for SFA Equestrian team

For the first time in its history, SFA has an equestrian team. Added in 2004, the Ladyjacks Equestrian team moved up to varsity status for the 2005-06 school year.

In 1998, equestrian was classified as an NCAA emerging sport. Many people within the horse industry have united to help advance the sport to full NCAA championship status. In order to attain this goal and hold a NCAA Equestrian Championship, there must be 40 Division I/II schools that sponsor equestrian as a varsity level program. Currently 21 colleges and universities offer equestrian as a varsity sport, and more continue to add the program each year.

SFA hired Leigh Heusner to be the team's head coach on March 30, 2005. Heusner spent the last couple years as assistant trainer for New Beginnings Performance Horses in Plainville, Ga., where she handled the instruction of riders from the beginner to the advanced level, along with training and supervising the well-being of approximately 20 training horses and 40 pasture horses.

The Ladyjacks kicked off their inaugural season on Oct. 22, 2005, at Auburn University in Auburn, Ala. The Ladyjack riders competed against the Tigers in a dual meet featuring both hunt seat and western equitation.

"We're excited," SFA head coach Leigh Heusner said before the meet. "The girls have been working very hard. Everybody's ready to go. Auburn is a really good opponent for us to see, early on. They know how to do it the right way."

SFA has 13 who competed this season, nine of whom are classified as freshmen, according to NCAA eligibility regulations. These riders include Alex Berry, Catherine Brennan, Monika Brindley, Alex Fincher, Lindsey Gaston, Rebecca Harrison, Kayla Krambeck, Jenny Martin, Kenna McNerny, Jamie Melgares, Kristine Rice, Heather Sowers and Paige Wiley.

"These girls all have really good attitudes," Heusner said. "They seem hungry to get out there and compete and to do well."

Heusner said that, despite her squad's inexperience at the collegiate level, she expects quality.

"I really feel like we have an opportunity to be competitive," the coach said. "We'll get a good chance to experience the format. But I also want us to jump in there and try to win, too."

Story by Jason Jacobs

Leigh Heusner
Head Coach

Leigh Heusner was handed the reins of building the Ladyjack Equestrian program as she was named the program's first head coach by SFA Athletics Director Steve McCarty on March 30, 2005.

"We're very pleased to have Leigh joining our department," McCarty said. "We are excited about the knowledge and experience she brings to SFA. Leigh is the perfect fit to build this program as we begin a new chapter in the history of Ladyjack athletics."

Heusner was an assistant trainer for New Beginnings Performance Horses in Plainville, Ga. She handled rider instruction of all levels. Heusner was also in charge of the training and well being of approximately 20 training horses and 40 pasture horses. Heusner has seven years of professional experience instructing riders and training horses.

Heusner was a letterwinner at the University of Georgia where she was named the 2002-03 Most Valuable Player for Georgia's Western team. She competed in both IHSA and NCAA shows during her time with the Lady Bulldogs, finishing 2003 as the reserve year end high-point scorer for her western team.

Lumberjack Marching Band

Marching with tradition

The Lumberjack Marching Band is composed of 235 music and non-music majors dedicated to Lumberjack football and other SFA events.

Boasting 76 years of tradition, the organization prides itself on being one of the only bands in the nation to march in both traditional military style and current corps styles.

Mark Perry, third-year SFA drum major, said marching band at the college level is all about entertainment.

"High school band has a highly competitive atmosphere," Perry said. "It is all about perfection, but at the college level, it's all having fun. If it wasn't fun, we would have a band of five instead of 235."

The band plays at all home football games and even follows the team to several away games.

"We go to Sam Houston, Texas State, NSU and McNeese," Perry said. "We also participate in Homecoming parades and several special events through the year."

The leadership band is composed of all the chair leaders in LMB. At the request of Dr. Baker Pattillo, they represent the University and play at special events.

"This year, we performed at the Boys and Girls Club at the request of

the Board of Regents and Dr. Pattillo," Perry said. "There were several women's basketball players and some football players there, as well. We were there to entertain."

There are no big competitions for college marching bands, but the Lumberjack Marching Band participates in several exhibition performances every year.

"Every year, high school bands from the area congregate at SFA to participate in the UIL competition," Perry said. "We do an exhibition performance to show the high school students there are other opportunities out there. It helps the crowd get energetic."

The Lumberjack Marching Band has been undergoing rapid growth since fall 2003, when there were 178 band members.

"A larger band leads to more people in the stands, and boosts school spirit," Perry said. "The marching band is in the public eye and is seen by people all over the state, so it helps SFA when other universities see such a large ensemble."

Intramurals to give up part of fields

Beginning in January 2006, the SFA Women's Soccer team will take over the use of a portion of the on-campus intramural fields.

According to Dr. Ray Worsham, director of intramurals, since the soccer team first began sharing the fields with the intramural clubs and teams about five years ago, the fields have been in joint custody between the athletics department and the intramural department. Schedules dictated when each team could use the field, alternating between women's soccer and the intramural teams.

However, SFA Athletic Director Robert Hill and the athletic department recently made the decision to grant the use of part of the fields primarily to SFA women's soccer.

"We wanted more control of that field in order to have practice and games," Hill said. "We have the authority to set our own practice times."

This decision has struck a nerve among several intramural teams and students who participate in these sports, including Max Croes, Kingwood junior, who is a member of the Ultimate Frisbee team. Croes said the athletic department's decision to regulate the use of the field directly affects the intramural teams.

"They're pretty much flexing their ownership over those fields," Croes said of the SFA athletic department. "For the last five years, all intramural teams have been able to use them. If we can't use those backfields, then there's nowhere for us to play. It pretty much disenfranchises all those teams."

According to Hill, the soccer team practices every day and primarily

has games on Fridays, Sundays and Tuesdays. Intramural games do not take place on two of those days.

"We're not restricting that field," he said. "As far as telling people it's the end of intramural sports, it's not going to work that way. It is not our intention to end intramurals or any other type of activity."

Hill also said the athletic department's concern for use of part of the field dealt with the factor of rain, judging by muddy ruts left on the grass. He said it was a safety issue when deciding to divide the two fields.

Worsham said there will be room for either lacrosse, ultimate Frisbee or men's soccer to play at the end of the fields, even when women's soccer is playing. Despite this possibility, the athletics department remains firm in its decision to limit the use of those fields to women's soccer.

"We were told that athletics would have complete control over the fields, and we'll do what is necessary to find space for the kids to play," Worsham said.

According to Hill, the athletics department considered putting a fence around the designated area for women's soccer but said it has not been a big issue and decided against it.

"We need a soccer facility," he said. "We're landlocked. I don't know where we're going to go. I think this is much ado about nothing. We just had to make more leeway."

Tugging Tradition

Every year the members of Delta Zeta sorority fill a pool with green Jell-O and host one of the organization's oldest traditions—Turtle Tug.

More than 80 gallons of Jell-O filled their pool this year.

"Turtle Tug is an event which started in the late 1990s," Miranda Cantwell, Delta Zeta president said.

Many Delta Zeta chapters hold the event all over the United States every year.

The tug consists of several rounds of tug-of-war in which the Jell-O-filled pool is placed between the two teams. The losing team is pulled into the pool.

Teams must have six members and can be male, female or co-ed with registration cost set at \$10 per team member.

This cost supplies each participating person with a Turtle Tug T-shirt. Prizes for the winners include gift certificates to local businesses.

The money raised in the 2005 Turtle Tug was used to help the deaf education program advance its resources at SFA.

The annual event takes place at the Ag Pond near Homer Bryce Stadium and Hall 20.

Story by Arlene Morales

The first push in the pool is always unexpected and cold. No one plans to get thrown in the Jell-O, it just happens....and should be expected.

Being thrown into a blow-up swimming pool filled with green Jell-O is surprising for Jessica Henley. More than 80 gallons of Jell-O filled the pool this year.

The tug in slow motion

Sitting in a pool filled with green Jell-O doesn't seem to be as fun as it looks for Stephanie Mercada. The money raised this year is going to help the Deaf Education department advance their resources at SFA.

Looks like a messy ride home for Stephanie Mercada and Courtney Craft.

Just a friendly game between Delta Zeta actives and their new members. Turtle Tug is an event many Delta Zeta chapters all over the United States hold. It started in the late '90s. It is an annual event for them and has been for about five years. Photos by Chris Bouldin.

The Delta Zeta chapter at SFA is made up of 65 members, 45 whom are active. The sorority strives to unite its members through sincere and lasting friendship. Annual events include participation in sisterhood retreats and dinners, Turtle Tug and parent's weekend.

Everyone who participated in the 2005 Turtle Tug enjoyed the event.

Missed a little Step

Thanks to Hurricane Rita one of SFA's oldest Greek traditions, Greek Steps, was canceled this year.

The event typically called Steps is a tradition where the 13 Interfraternity Council fraternities gather at the steps of the Austin Building and welcome all the new members.

During rush week anyone interested in joining a fraternity is encouraged to visit as many of the fraternities as possible to find out which fraternity is best for them.

At the end of rush week, potential members are asked to select their top choices of fraternities.

At Steps, when the rushees' names are called for the fraternity that accepted them, they run down the steps of the Austin Building and leap into the arms of their new brothers. It is the official welcome of all the new members.

"Steps is a life changing experience for the rushees," Jason Matocha, Spring senior, said. "They are becoming part of a Greek system for the rest of their lives."

Many people, whether in Greek organizations or not, gather to enjoy the fun atmosphere and excitement of this time-honored tradition.

This event usually happens at the end of formal rush week every fall semester. This year it was scheduled for Sept. 24, the same day Hurricane Rita hit Nacogdoches.

The hurricane pushed people out of their homes in Galveston, Houston and surrounding areas and caused extensive damage to Nacogdoches. For many days, people went without power.

In the weeks following the storm, students and faculty members were too preoccupied with volunteering to help with the evacuees from both Hurricane Katrina and Rita and with trying to repair their own homes that there was no time to plan on rescheduling Steps.

A work in progress

Photos by Chris Bouldin.

After four years without a house, the Kappa Sigma Fraternity renovated a structure and moved in during December 2005.

The house is located on 1426 Pruitt Hill Drive by a retirement village. It houses four active members of Kappa Sigma by seniority first.

Travis Doshier, Amarillo junior and former president of Kappa Sigma, said the house is mainly made of tan metal siding.

"It's pretty much indestructible because it is made up of concrete, metal and wood," Doshier said. "We also put drains in the flooring so we can just spray the floor with a water hose to clean after a party."

Members of Kappa Sigma teamed up with the landlord and professionals in the summer of 2005 to get the house back to new.

The house renovation included plumbing work, interior and exterior painting, new locks and doors, new baseboards and electrical wiring. They also had to reconstruct the kitchen and backyard deck.

The fraternity also uses the house for chapter meetings and parties.

"Before we had a house, nobody knew where meetings were going to be held," Doshier said. "Now there is going to be more organization and less confusion."

The Kappa Sigma Fraternity had been temporarily holding their meetings at the University Center Tejas Room.

Doshier said the house was a fraternity house to Delta Sigma Phi, the oldest fraternity on campus, before Kappa Sigma took it over. He said the house was in poor shape previous to renovation because the Delta Sigma Phi fraternity dumped loads of mud in the front room for four wheeler races before they moved out.

Residence Hall

Our purpose is to unify all the residence halls on campus and through our members we perform all functions necessary to provide residents with a constructive, educational and social life while residing in the residence halls. We encourage interaction and cooperation among residence halls and will be a liaison for the students to the university administration, acting as a representative voice for all its members.

Pi Mu Epsilon

Pi Mu Epsilon is a honorary national mathematics society whose purpose is promote scholarly activities in mathematics among students in academic institutions and among the staffs of qualified nonacademic institutions. The Mathematical Association's purpose is to promote interest in math and increase awareness of the employment opportunities in the mathematical sciences.

Front row: Anny Joseph, Elisso Croig, Torcio Jones, Yoshi Koboyoshi. Second Row: Clint Richardson (odviser), Pomelo Roberson (odviser), Ken Reddix, Justin Jonder, Jonothon Mitchell, Keith Hubbord (odviser). Third row: Meghon Word, Soro Stovoll (odviser), Soro Pew, Michi Nakoi.

Early Childhood Organizations

We promote unity among students majoring and minoring in early childhood education and strive to serve children in the community through various service projects and benefit the members by sharing materials and ideas.

First row (Officers): April Hinton, Kameshia Richardon, Emily Hughes, Rochel Scott, Tenish Chortoin.

Association

Our purpose is to serve the university and student body by acting as university student representatives. We work to increase campus involvement in relation to spirit, tradition and pride and we raise and distribute scholarship funds to incoming freshmen.

First row: Dustin McLemare, Ricky Smith, Jasan Matacha, Ashley Rhades, Jennifer Hyde. Second row: Caraline Magruder, Jamie Marshall, Yasmine Estes, Amanda Cathey, Lacey Claver, Tyesha Baudreaux. Third row: Laura Slaytan, Gabby Radriguez, Tennille Williams, Kristen LeBlanc, Lauren Ferrera, Olisa Ogbar. Fourth row: Cady Maare, Adrienne Reinert, Elliot Saeder, Brittany Kaane, Amber Bantz. Fifth row: Haley Walker, Rannie Cauley, Armanda Palamina-McClure, Bailey Brawn. Sixth row: Robert Brawn, Michael Carney.

2005 Battle of the Bands

Student Association

The African American

Our purpose is to educate students and the community about the richness of African American culture.

First row: Mark Margan, Eva Pack, Danielle Medlack, Mary Janes, Yasmine Estes, Tennille Williams, Chassity Pawell, Shundria Janes, Erica Rose, Arlisha Farbes, Shatise Prawell. Second row: Brandon Jeffersan, Ayrric Janes, Jashua Randall, Raven McDaniel, Whitney Casey, Julius Lee, Ashley Randle, Dayellan Garrett, Brandon Brawn, Leah Jacobs.

Association

We foster a greater understanding among students from all nations and a better appreciation of diverse cultural, religious and political philosophies. We promote and support academic, athletic, cultural and social activities in order to stimulate the participation and interaction of the international students in the University and community life and to serve as a liaison between the administration and the international students attending other colleges and universities.

Front row: Jared Sabin, Nadia Raberts, Ayanna Williams, Mandra Fagan, Dyana La Rasa, Oksana Martyniuk. Second row: Lak Funkg Law, Sherzine Mckenzie, Dennis Murray.

Chi Alpha Christian Fellowship

Our purpose is to provide fellowship for American and international students, emphasizing Christian training and lifestyle for evangelism and worship through spirit-filled living. We offer many forms of involvement including worship teams, retreats, small groups, concerts, Bible study, mission outreaches, leadership training and a traveling music ministry.

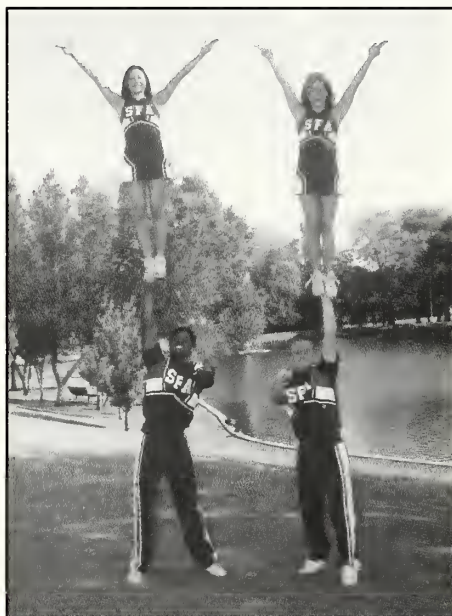

First row: Michael Frederick. Second row: Andea Grigsby, Richard Skinner, Dana Skinner, Medhin Estifanas, Voke Ghemre, Lacey Gentry, Amy Mack. Third row: Kwame Buatsie, Candi Leonard, Amanda Henigan, Theo Brawn, Jalyann Harwell, Pattie Willman, Gary Willman. Fourth row: Sibby Jahn, Ryan Tieman, Robert Spicer.

SFA Coed Cheer

Our goal as a member of the SFA Spirit Program is to raise the level of school spirit and fan support for Lumberjack and Ladyjack intercollegiate athletics. We strive to be positive role models for the University and the surrounding community.

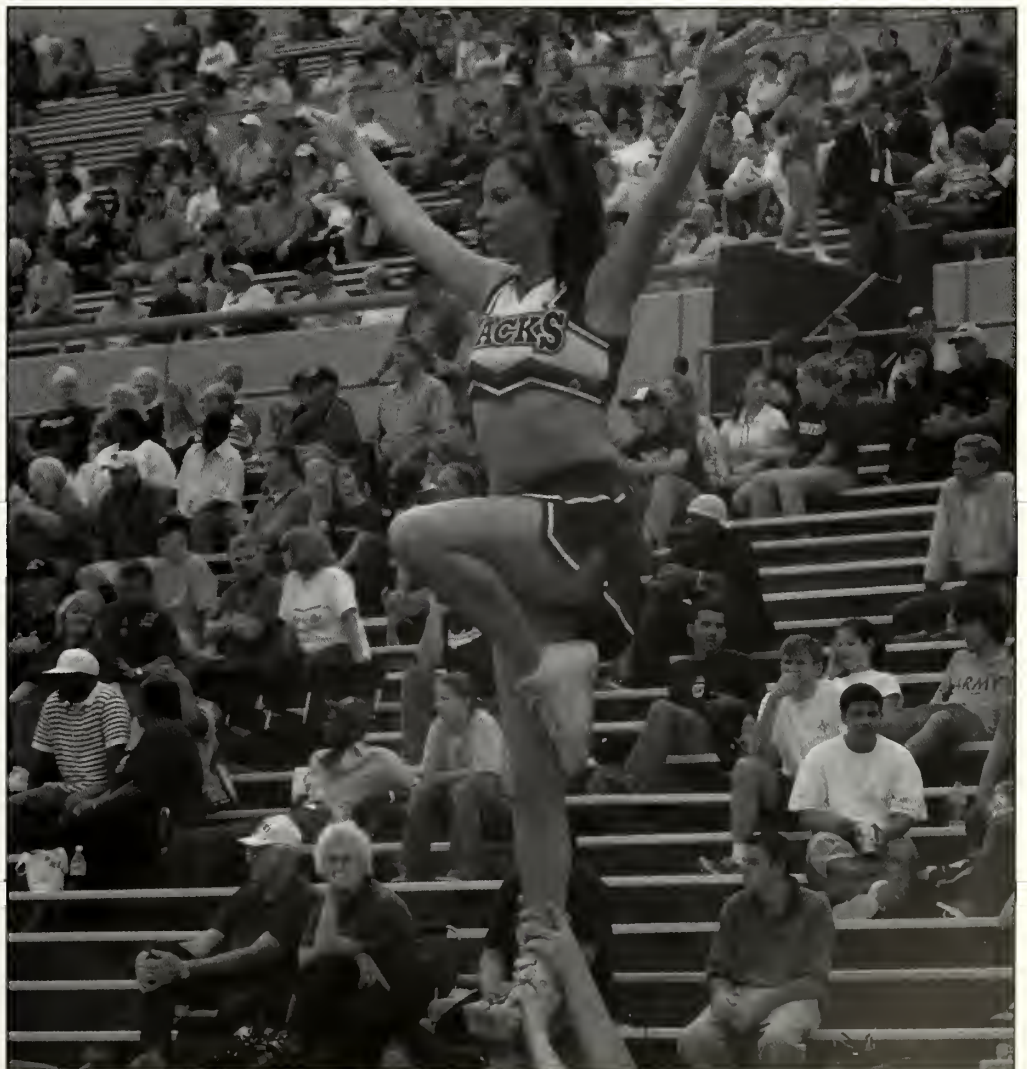

Front row: Doug Daigle, Justin Kelley, Tim Wegner, James Votaw, Jason Larkins, Jerrod Vanover, Jeremy Plemel, Dustin Walstar, Stephen Medley, Chris Tedder, Chris Kurkjian. Second row: Yvette Quinanes, Jessica Kantner, Cassie Valentin, Kali Seitzer, Apri Weaver, Meghan O'Cannar, Veranica Barnett, Misty Brawn, Erica Weems, Chelsea Craiker, Kristen Wilkerson, Angela Lee.

Our goal as a member of the SEA Spirit Program is to raise the level of school spirit and fan support for Lumberjack and Ladyjack intercollegiate athletics. We strive to be positive role models for the University and the surrounding community.

Front row: Danna Brawn, Catie Carpenter, Breiana Reilly, Crystal Latt, Lindsey Bray, Stephanie Knatt. Second row: Heather Thompson, Jamie Racco, Randi Clary, Katherine Matus, Sarah Waads, Natalie McCafferty, Amanda Patrick, Kayla Blevins. Third row: Whitney Rasberry, Stephanie D'Elena, Michelle Dillan, Summer Stepsan, Megan Glynn, Tenisha Kiel, Mandy Salter, Tennille Williams.

Merchandising Club

Fashion

Our goal is to provide programs about career opportunities in fashion merchandising and to promote interaction among students with an interest in the fashion industry.

Front Row: Andrea Wheeler, Lavetta Beneman, Mary Austen, Mayra Castilla. Second row: Christal Crafts, Brittany Rabitaille, Destiny Christian, Amber Kaan, Carinne Clanton, Lindsay Lash, Brittany Pritchett, Veranica Swingle. for Christ

We are an international, interdenominational movement and our purpose is to give college students the opportunity to know how to have a relationship with God and grow in that relationship.

ROTC

ROTC allows students to make the most of their leadership skills during college. The ROTC experience is a character builder that strengthens self-discipline, courage, integrity and physical stamina. The skill one develops for successful command are the same skills he or she will need for success in the corporate world.

Graduates

Sam Scallon, Ashley Emerson, Jordon Hill, LTC Jeff Pike, Chair. These three SFA cadets from the Army ROTC were designated DMG by Cadet Command for being in the top 20 percent of the nation.

For the health

I have always wanted to be a nurse, and ————— this program

The SFA College of Nursing hosted its annual Nursing Fair at the Piney Woods Fair, located in the Expo Center, in early October.

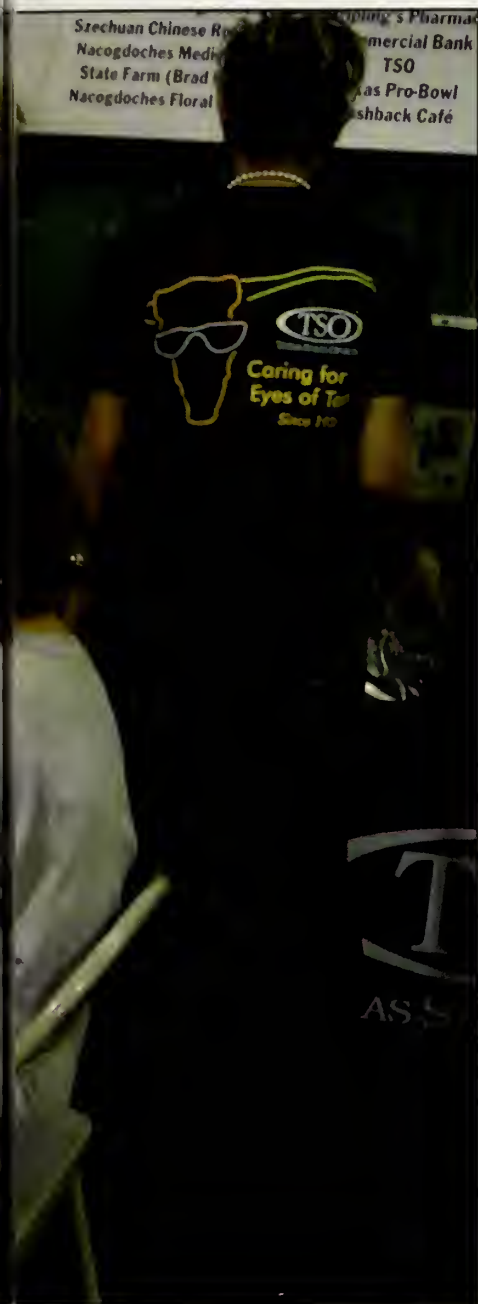

"We are promoting health to inform the community about preventing cancer. The entire campus and community supports the fair," Kimberly Taylor, fourth semester nursing student and historian for the Student Nurses Association, said. "I have always wanted to be a nurse, and this program is one of the best in Texas. This program has opened my views to many different ways of life. I learned to be more compassionate to people in need of health care."

Three massage therapists were invited to the fair and

offered a five-minute chair massage to others. Texas State Optical was also present to give vision screenings. Pamphlets and facts were shared with participants on drug and alcohol abuse. The nursing students checked participants' blood pressure and sugar content levels.

"Diabetes is rampant in the United States," Cassidy Rogers, third semester nursing student, said. "There is a higher case of type two diabetes in America due to obesity. A lot of people do not have access to doctors, and this will help members of the community be more aware of their blood sugar levels and

of it

is one of the best in Texas.

blood pressure. The faculty here is great, and my classmates help each other out like we are part of a family. This program has enhanced my desire to be in the medical profession.”

This program takes a strong sense of responsibility. Some students have two clinicals a week that require them to be at hospitals for eight hours at a time, starting at 6 a.m. There are currently 180 students enrolled in the nursing program, 40 of whom are seniors. Students have to have a 3.2 GPA to be admitted. Around 125 students applied for the nursing program in the fall, and only 60 students were admitted.

The National League of Nursing Accreditation Committee recommended the nursing program for another eight years of accreditation. That is the highest recommendation that they can give.

“This shows that the faculty and staff have been working really hard,” Karen Migl, assistant director of the School of Nursing, said. “This group has done well planning, working on projects and fundraising. We have 100 percent recruitment for graduates looking for employment that are coming out of this program.”

Story by Rachael Robertson

Pride SFA

The primary purpose of the organization is to promote an uplifting gay community through support, student body awareness, community outreach and informative symposiums on topics that relate to the gay, lesbian, bisexual and trans-gendered college community at SFA.

Phi Upsilon Omicron

Our purposes are to recognize and encourage academic excellence, develop qualities of professional and personal leadership, provide opportunities for service to the profession and encourage professional and personal commitment in order to advance family and consumer science and related areas.

First row: Nikki Norris, Loro DerTotvlosion, Nicole Byrd, Ashleo Brooks, Somontho Bendix. Second row: Moyro Costillo, Kristen Byers, Royno Kelley, Sandy Maare, Jessica Coaksey, Jomie Lee, Kim Pepper. Lindsay Whitfield, Jena Metteauer, Christian Lasseigne, Kim Taylor, Stacey Shilling.

First old-fashioned Homecoming Carnival

The first-ever old-fashioned SFA Homecoming Carnival was held Oct. 25, 2005, in the library courtyard.

Various student organizations set up booths offering games, giveaways and good times giving students the chance to stop by the booths and take a shot at winning some free candy or prizes.

Jacqui Garick, Boca Raton, Fla., senior and Homecoming committee chair, said the carnival was a hit and everything went well.

"Some of the premiere organizations on campus had booths," Garick said. "SGA appropriated funds for a bounce house and dunk booth. SAA had an old-fashioned fishing game where you throw a fishing line over a wall and fish for prizes."

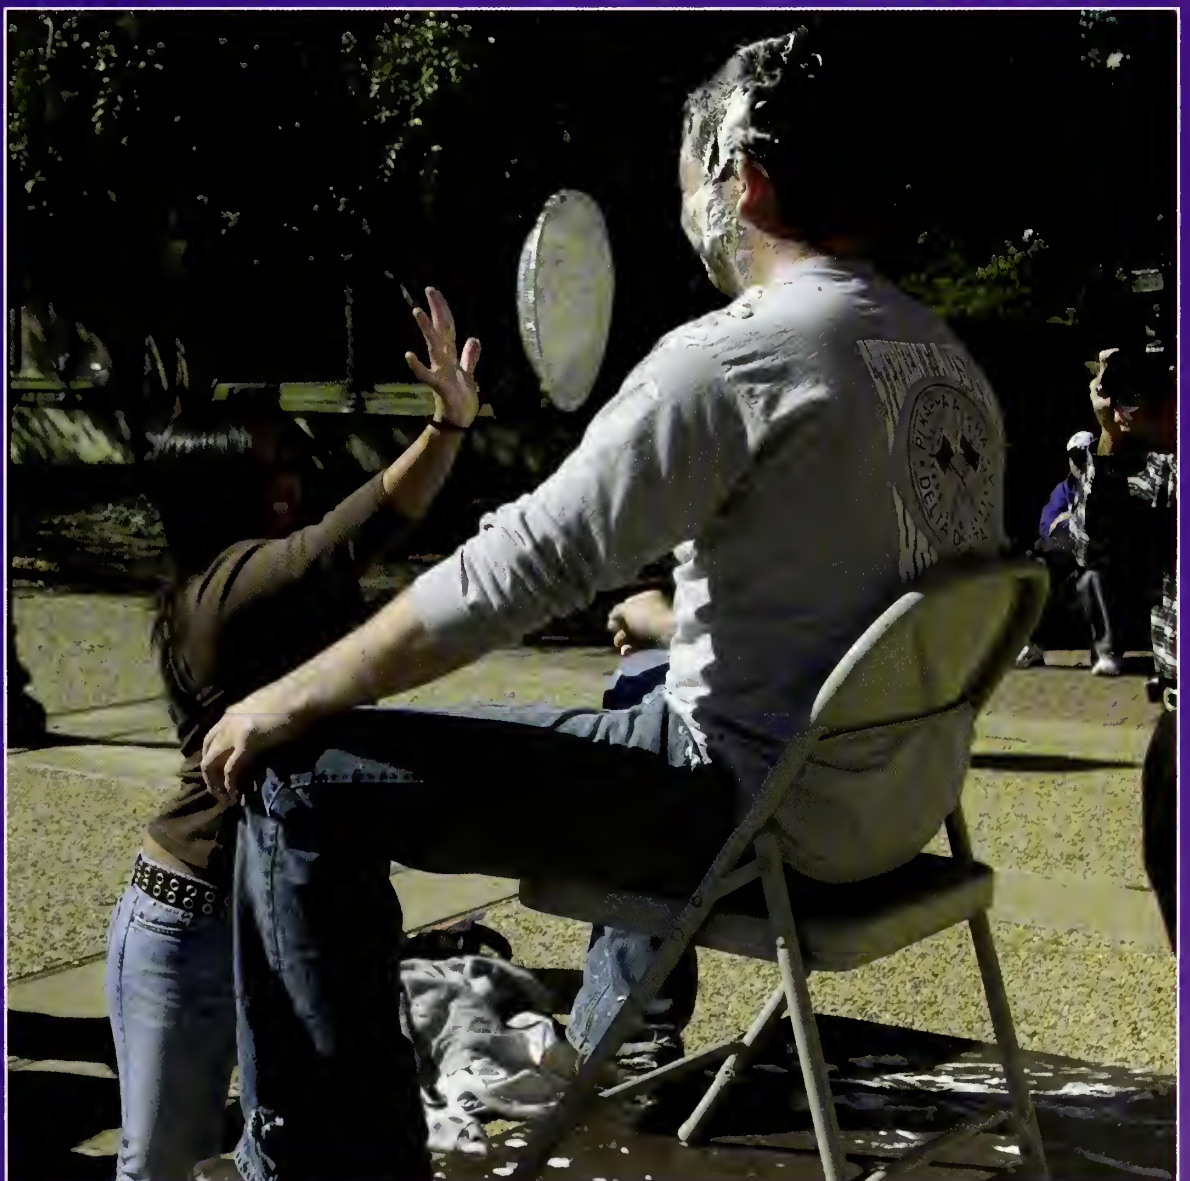

Six other organizations had a variety of games and contests, such as a boxing match (complete with over-sized fake gloves) sponsored by Alpha Tau Omega, a pie-eating contest and a log-cutting contest.

There were two magicians walking around the carnival, doing magic tricks and entertaining the crowd, as well as entertaining juggling and blowing fire.

The Homecoming executive committee passed out free popcorn, cotton candy and grape soda.

The Homecoming court was announced at the event naming Peter Loudis as king and Jennifer Tate as queen.

Story by Colleen Martin and Andy Phifer

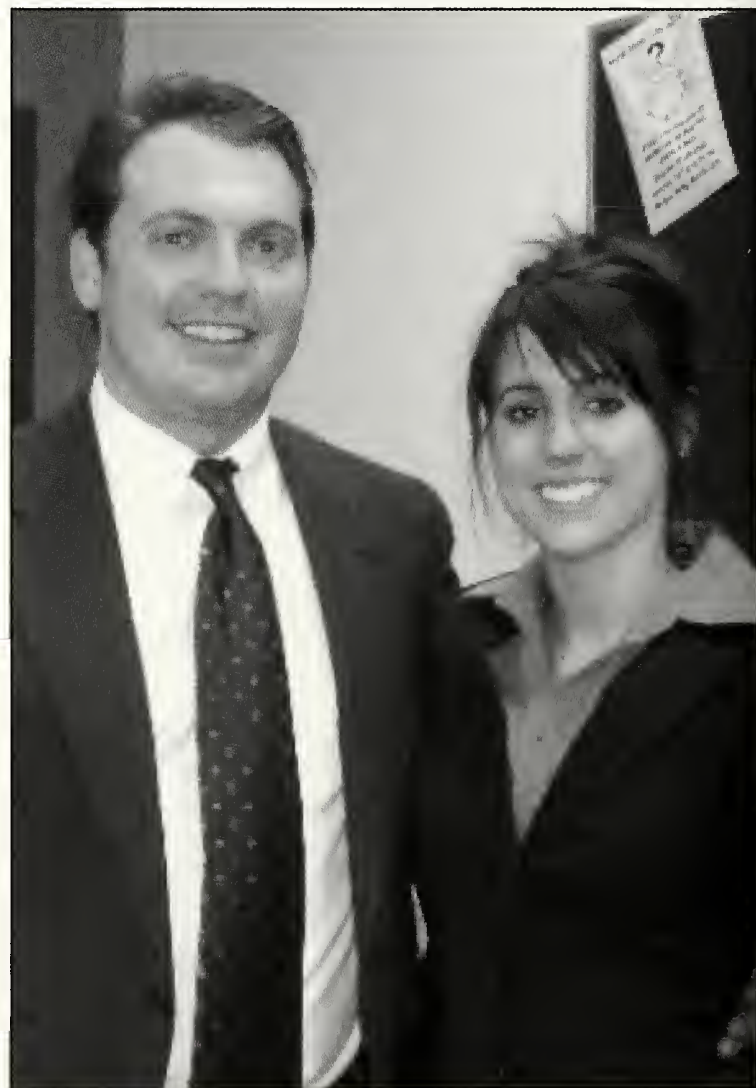

American Marketing

We are a nationally recognized professional organization with student memberships that bridge to a professional membership after graduation. We also compete in national marketing competitions and attend national and regional conferences.

First row: Alyssa Davis, Wen Ytn, Cynthia Zuniga, Gordan Ellsworth, Courtney Bell, Dr. Marlene Kahla (adviser), Barbara Bieber Hamby (adviser), Clint Dees, Steven Reeves, Devin Greer, Marishia Simpsan. Third row: Jacob Power, Brodford Whitmore, Andreo Grigsby, Moriso Obondo, Jono Hofer, Meghon Stine, Abby Valkner.

Bass Club

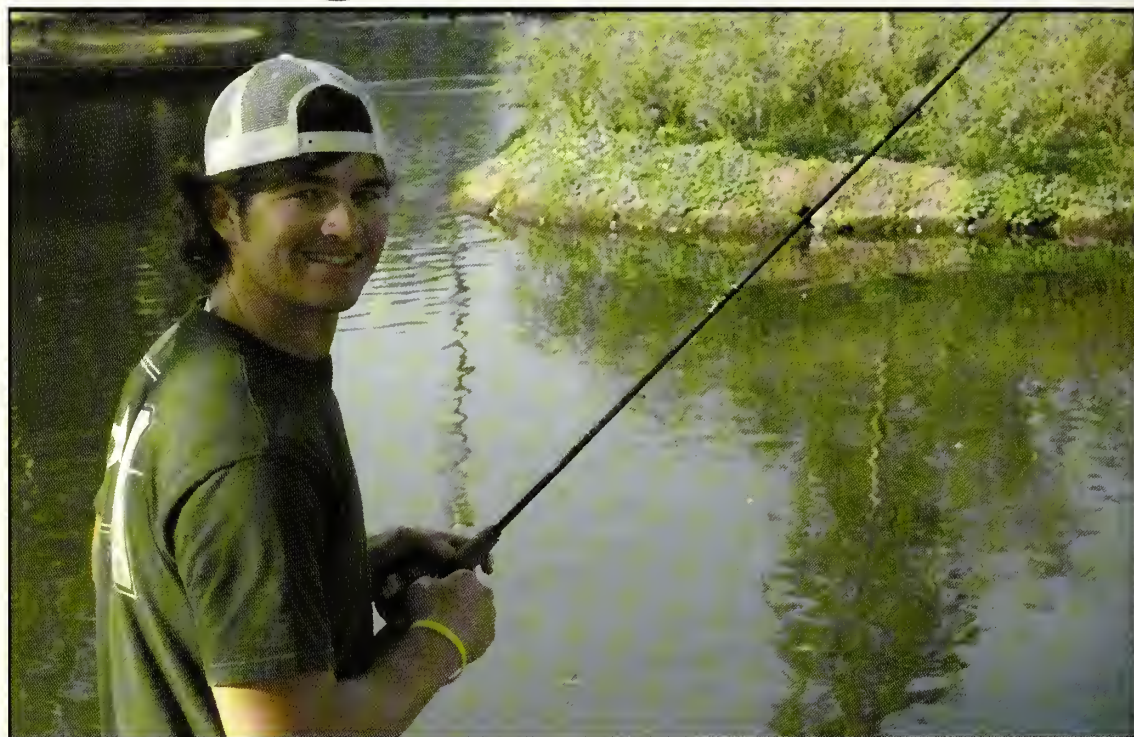

reeling in success

They get up early and work long hours. They showcase their skills and represent SFA at tournaments across the state.

However, these aren't your typical athletes. They are members of the SFA Bass Club, one of the many intramural teams at SFA.

While the Bass Club isn't among one of the better-known clubs across campus, they rank among the more award-winning teams.

The club was chartered at SFA in 1994 and is open to students taking at least six hours at the University. SFA has several students from the club who now hold professional fisherman status.

Ryan Ingram practices casting his reel. Photo by Chris Bouldin.

Bass club members win scholarships at tournament

Five members of the Bass Club participated in the American Bass Anglers division of the Collegiate Angler Scholarship Tour (CAST) Oct. 8, 2005, in Shreveport, La., and brought home over \$5,000 in scholarship awards, as well as numerous plaques.

Ryan Ingram, Plano senior, led the SFA team, placing second in the tournament but racking up enough overall points throughout the year to win "Collegiate Angler of the Year."

For winning the tournament, he was awarded with a \$5,000 scholarship and a trophy.

"It felt pretty good," Ingram said about winning. "I haven't really won that much money before."

Ingram said the club's success at the tournament has brought more attention upon the members and the team in general.

"I think it got us more recognition," he said. "There aren't too many collegiate bass teams. It put us in the spotlight a little bit."

The Bass Club fishes at various tournaments throughout the year all over Texas and Louisiana.

At the tournaments, team members accumulate points, and the top five ranked fishermen from each club are invited to the national championships.

Representing SFA at CAST were Ingram, Ross Rogers, Weatherford junior; James Hervey, Timpson senior; Greg Fletcher, Burleson junior, and Andy McCrady, Henderson senior.

Rogers and Hervey placed third and fourth, respectively, each winning a \$1,000 scholarship and a plaque.

"It was awesome to see our guys dominate," Rogers said. "It was our first year fishing in this tournament, and we were the underdog."

"Everything came down to the wire," Rogers said. "Everybody went out fishing as hard as we could."

Dr. Raymond Worsham, director of intramurals, had nothing but good things to say about the team.

"These kids have gone out and found tournaments," he said. "They have done very well."

Story by Lindsey Standley

SFA catches first in ESPN Bass Tournament

The Bass Fishing Club put SFA in the national spotlight when they took first place in the inaugural ESPN College Smash-Mouth Bass Fishing Tournament Oct. 14-15, 2005, in Monticello, Ark.

SFA was among six schools that competed in the tournament, including Texas A&M, Illinois, Purdue, Kentucky and Iowa.

Two-man teams took to the water of Lake Monticello in search of the biggest bass the lake had to offer. After three rounds, SFA came out on top with a total of nine fish weighing 17.8 pounds.

Casey Sobczek, Spring junior, and Jonathan Garrie, Baytown senior, represented SFA in the tournament and reeled in the win.

"It's a lot of pressure," Sobczek said. "We're

representing the whole school when we fish."

Although fishing is traditionally seen as a relaxing recreational activity, the drama was high for the two Lumberjack bass fisherman who were being filmed by ESPN the entire time.

Going into the tournament they thought they might be nervous but said the cameras disappeared when it came time to start fishing.

SFA was in third place at the start of the last day, but minutes into the third round Sobczek hooked a 6.5 pound bass, making it the biggest bass caught in the tournament.

"I never thought it could happen to me," Sobczek said. "Catching a big fish to win the tournament was something I have always dreamed of happening."

Winning felt great because they knew they had represented SFA well and helped put their Bass Team in the number one spot in the nation.

ESPN aired the show, College Smash-Mouth Bass, featuring the tournament for the first time on Nov. 11, 2005, which put Garrie and Sobczek in the main spotlight.

Getting national coverage on ESPN was only part of the prize for winning first place. Garrie and Sobczek also were featured in an article by Bass Master Magazine. Also they took home a trophy naming them the nation's number one bass team.

Dr. Tito Guerrero, III

"I am genuinely optimistic for the future," SFA President Tito Guerrero, III, said. "I think we truly have a gem and an asset in terms of this community. When people come to Nacogdoches I want them to be able to interchange 'Oldest Town in Texas' and 'Proud Home of Stephen F. Austin State University'."

Guerrero completed his fifth year as president of SFA.

During his tenure at the University, he has spoken at a plethora of events concerning the progress the University has made in areas such as education, enrollment, facility improvements and recognition.

"High quality students are

coming to SFA," Guerrero said. "Incoming freshmen at SFA have high SAT and ACT scores compared to other universities in Texas."

"The college of education is the number one school in Texas for teacher certification tests. Every student that took the test passed. That proves that SFA is a leader in education."

Guerrero has spoken about the future and implementation of Strategic Plan '08, a plan for SFA over the next five years. The theme of the plan is placing student achievements first. He explained administrators have been working on core curriculum and enhancing the honors program to challenge

academically excellent students.

"Academic destination rests on faculty just as much as students," Guerrero said. "Many universities concentrate on numbers, but if you are not doing great things with students it's not worth it. We have a talented, strong and committed faculty."

"We have been connecting with students through programs like Jack Camp," Guerrero said. "This past year 500 students attended Jack Camp. When the program started, three years ago, only 100 students attended."

The landscape and skyline have also changed at SFA since Guerrero arrived. Projects such as the expansion of the student center, new parking garages, new residence halls, new softball/baseball facilities and a recreation center have all been supported by Guerrero.

"Sixty-two million dollars was spent on construction efforts last year. SFA has been working on improving the technology of our campus," Guerrero said. "We have been able to improve human services and obtain the latest technology and research facilities. One vast improvement is the addition of telephone voice mail. With a down economy and no help from the state that is nothing short of phenomenal."

Guerrero recognizes the importance of the relationship between SFA and Nacogdoches.

"We are fortunate for the special relationship we have with the city of Nacogdoches," he said.

Before coming to Nacogdoches, he served for four years as president of Colorado State University-Pueblo. Previously, he served as provost and vice president for academic affairs at Texas A&M University-Corpus Christi, where he worked for almost 21 years, rising through the academic ranks from assistant professor to full professor, and later serving as dean of students as well as the school's first vice president for student affairs.

Guerrero currently serves as a

member of the board of directors for the American Council on Education and the American Association of State Colleges and Universities. He also serves as a member of the Board of Visitors for Air University, United States Air Force. Previously, Guerrero served as an adviser to the U.S. Agency for International Development; the Costa Rican government; the U.S. Centers for Disease Control; the American Educational Research Association; the National Institute of Education; the Administration for Children, Youth and Families; the Bureau of Education for the Handicapped; the Florida Department of Education; and the Missouri Coordinating Board for Higher Education.

Among awards Guerrero has received are the Kellogg National Fellowship, a Ford Foundation Graduate Fellowship, a National Science Foundation Fellowship, an Educational Policy Fellowship, an Academic Leadership Academy Fellowship from the American Association of State Colleges and Universities, and selection as a participant in the Governor's Executive Development Program of Texas.

Guerrero has traveled from Antarctica to Zimbabwe and to all seven continents. His civic involvements have focused on economic development initiatives, day care and mental health services, youth programs, and interventions to prevent school dropouts. He received his doctorate in administration, planning and social policy from Harvard University. He also received a Certificate of Advanced Study in educational administration from Harvard. His master's degree in secondary and health education is from the University of North Texas. He holds a bachelor's degree from Texas A&M University.

The Arthur Temple College of **FORESTRY & AGRICULTURE**

Dean R. Scott Beasley

The Arthur Temple College of Forestry and Agriculture is dedicated to comprehensive undergraduate and graduate education, basic and applied research programs and service. In the educational program, students receive classroom and field-based experiences to prepare them for their professional careers. Academic courses provide learning opportunities that encourage and inspire students to approach forest resource, environmental, agricultural and social issues in a critical yet creative manner, to identify and analyze key elements and to articulate ethical solutions. Not only is the SFA campus situated near its experimental forest, five wilderness areas, several million acres of private commercial forests and four national forests, but it is also in the heart of the nursery/landscape, beef cattle and poultry industries of East Texas. Forestry, environmental science and agricultural classes take advantage of these resources for hands-on education and research opportunities.

What's growin' on?

The Nelson Rusche College of **BUSINESS**

Dean Violet Rogers

The College of Business provides a student-focused learning environment through effective teaching supported by relevant research and meaningful service. These endeavors assist their students in becoming competent and ethical professionals in a changing world. The college recognizes the students as having a major responsibility in the learning process. They assist to attract academically qualified students who welcome challenging opportunities to achieve high standards. Their vision is to be recognized by students, graduates and other stakeholders as a leading college of business among regional comprehensive universities in Texas. Majors offered through the Nelson Rusche College of Business are accounting, computer science, economics and finance, general business and management, marketing and international business.

ACCOMPLISHMENTS

FACULTY

Mitchell Crocker and **Phil Stetz**, management, marketing and international business, co-authored "Employee Perceptions of Managerial Incivility: The Development of a Measurement Scale." Crocker presented the paper at the Academy of Management Annual Conference in Honolulu in August.

Warren Fisher, management, marketing and international business, had a paper he co-authored titled "Improving Cost Performance by Using Controlled Release of Jobs in a Flow Shop with Congestion" accepted for presentation at the 2005 Annual Meeting of Decision Sciences Institute in San Francisco.

Joyce M. Hoffman and **Lone Wittliff**, management, marketing and international business, co-authored "The Personal Selling Aspect of Service Quality: Recommendations for the Delivery Channel and Robust Service." Hoffman presented the paper along with another paper she co-authored,

"Applying the Tools of TQM: A Student Application Project" at the 35th annual Decision Sciences Institute Conference in Boston in November 2004.

Treba Marsh, accounting, presented the paper "Citizen-Centered Reporting" at the Association of Government Accountants meeting in Orlando, Fla., in July. Marsh also participated in the AGA Executive Session.

Violet Rogers, business, and **Aileen Smith**, **Treba Marsh** and **Jack Ethridge**, accounting, presented their paper "Linking Industry Code, Mission, Alignment and Segment Reporting to Strategic Management" at the Society for Advancement of Management International Business Conference in Las Vegas.

Mark A. Turner, accounting, had an article titled "Disability Under the Tax Law" published in the June 2005 issue of Taxes, The Tax Magazine.

Charlotte Allen and **Dillard Tinsley**, management, marketing and international business, had their paper "Fantasy Fundamentals in Marketing: The Rise of the Fantasy Genre from Niche Market to Mass Market" accepted in the Consumer Behavior Track for the Atlantic Marketing Association. The paper was presented at the October 2005 conference meeting in Salem, Mass., and published in the proceedings.

Joyce M. Hoffman and **Lone Wittliff**, management, marketing and international business, had their paper "Service Operations Management as Affected by Sales People's Attitudes as Perceived by the Customer" published in the proceedings of the 16th annual Production and Operations Management Society Conference in Chicago in May. Hoffman also attended the conference and presented the paper.

SFA marketing students compete in Houston

Four SFA students placed first in this year's Houston Ad Federation conference on Nov. 4 and 5 in Houston. Two SFA students also placed second, and one placed third.

Neil Graham, Nacogdoches senior; Courtney Spruiell, Austin sophomore; Rachael Robertson, Nacogdoches senior; and Marquita Gray, Cold Spring junior, were part of the winning team that also included students from across Texas.

The Houston Ad Federation conference is a gathering of students from Texas, Oklahoma and Arizona with backgrounds in the fields of marketing, art and communication in a joint effort to create a successful advertising campaign for an actual client chosen by the Federation. This year's client was The Council on Alcohol and Drugs - Houston whose topic of choice was binge drinking and how it affects others.

Students were divided at random into 21 teams of six to eight members before their arrival at the Houston Marriott, the location for this year's conference. Various advertising companies volunteer to host the student teams every year.

The students in these teams are asked to create an advertising campaign, which includes a marketing plan. This marketing plan includes research on the campaign's effectiveness, budget, receptiveness, target audience, a slogan, a media flow chart and

methods of releasing information such as ads, billboards and television commercials, as well as examples of the advertisements.

The teams are given from 10 a.m. to 6:30 p.m. to draft the campaign. Resources such as one computer with Internet access, black markers and poster boards were provided for their use.

"It was an easy process," Courtney Spruiell, Ad-hoc member and ad design major, said. "Everyone stuck to what they were good at but ended up helping with all parts of the project."

The first place team containing four SFA students created a campaign targeted at youths ages 15 to 25 in the areas of Texas, Oklahoma, Louisiana and Arkansas. The marketing strategy included slogans like "You throw more than just empty bottles away ..." and "One more drink can be too many," as well as a plethora of descriptive magazine ads, television commercial, billboards and newspaper ads.

"It was an interesting concept, allowing us to take everything that we learned in our courses to apply them in a real-life situation," said Neil Graham, a marketing major.

The winning campaign will be utilized by the Council on Alcohol and Drugs-Houston as a public service campaign.

College of EDUCATION

Dean John E. Jacobson

The College of Education includes the departments of elementary education, human sciences, human services, kinesiology and health science and secondary education and educational leadership. Each department offers programs of study in teacher education as well as in various non-teaching programs. The college's mission is to prepare competent, successful, caring and enthusiastic professionals dedicated to responsible service, leadership and continued professional and intellectual development. The college is committed to academic excellence through critical, reflective and creative thinking, life-long learning, openness to new ideas, integrity, responsibility, diligence and service that enriches the community.

ACCOMPLISHMENTS

FACULTY

Jay Lee, kinesiology and health science, presented "Lability/reversibility – Some Preliminary Data" and "A Reversal Theory Model of Burnout in Coaches" at the instrumentation in Reversal Theory meeting held in Baton Rouge in December.

Lee also presented the following papers at the Reversal Theory Society International Conference held in Winnipeg, Canada, in July: "Cognitive and Affective Interactions of Elite Female Foil Fencers: A Reversal Theory Approach," "What is Psychodiversity' and how will we recognize it?," "Reversal Theory in the Light of Charles Peirce's Theory of Chaos and in the Light of Modern Chaos Theory," and "Measuring Reversal Theory States in Real Time: Developing the Reversal Theory State Inventory."

Lee also presented "The Influence of Transactional States and Perceived Confidence for Quitting Tobacco Use in Adolescents" at the American School Health Association 78th meeting in Pittsburg, Pa.

Chris Ninness, Robin Rumph, Glen McCuller, Carol Harrison and Angela Ford, human services, had their article, "A functional analytic approach to computer-interactive mathematics," published in the Journal of Applied Behavior Analysis, 38,1-22.

Robin Rumph, Chris Ninness and Glen McCuller, human services, published "Twenty Years Later: Commentary on Skinner's 'Why are we not acting to save the world'" in Behavior and Social Issues, Fall 2005.

Chris Ninness and Robin Rumph, human services, presented "Transformation of Mathematical and Stimulus Functions: The Value of Elegance" at the Association for Behavior Analysis Conference in Chicago.

Robin Rumph, Glen McCuller and Chris Ninness, human services, presented "The Shame of American Education" at the Association for Behavior Analysis conference in Chicago.

Rhodes receives Fulbright honor

Elizabeth Rhodes, a Stephen F. Austin State University professor of kinesiology and health science, was selected for a Fulbright Senior Specialists project in France at the Center for Higher Education in Music and Dance.

During the spring of 2006, Rhodes will visit five education centers in France, including centers in Pantin, Poitiers, Toulouse, Bordeaux and Rouen, where she will focus on dance technique, choreography, performance and theory. In addition to teaching, Rhodes will learn about teacher-training and cultural differences within the French educational system, particularly because SFA's dance program is rooted in dance education.

"I look forward to this opportunity to work with French students who wish to become teachers and hope I am able to impart as much information on dance and culture as I know I will bring back," Rhodes said.

The host institution requested Rhodes because they felt it important that "an American teacher of jazz work with French students, professionals and teachers in order to advance and improve their techniques," according to a Fulbright news release.

"Now more than ever, it is essential for programs such as the Fulbright to flourish in order to promote understanding among people around the world. It is an honor to once again represent the university, the state and the United States as an ambassador abroad," Rhodes said.

This is the third Fulbright grant for Rhodes who spent six months in Bolivia in 2001 and a year in Panama in 1996-97. She is one of more than 400 U.S. faculty and professionals who will travel abroad through this grant that provides short-term academic opportunities to prominent U.S. educators.

The Fulbright Program, America's flagship international educational exchange activity, is sponsored by the U.S. Department of State, Bureau of Educational and Cultural Affairs.

Recipients of Fulbright Scholar awards are selected on the basis of academic or professional achievement and include individuals who later became heads of government, Nobel Prize winners, and leaders in education, business, journalism, the arts and other fields.

Faculty Art Exhibit deemed a success

The SFA School of Art held its 2005 annual faculty art exhibition in September at The Art Center downtown.

The school's newest faculty members Maki Hajikano, David Ngirailemesang and Natalya Pinchuk were able to display their work along with current faculty members Charles Jones, Peter Andrew, William Arcsott, Piero Fenci, Gary Fields, Robert Kinsell, Amy George, Teresa Kirchner, Christopher Talbot, Gary Parker, Les Butler and Casey Callender.

The exhibition also included works by retired faculty members Mary McCleary and John Daniel.

Assistant professor Hajikano received her Bachelor of Fine Arts and Master of Fine Arts from the University of Oregon where she taught for several years. The sculptor began working with glass while completing a residency program at the Pilchuck Glass

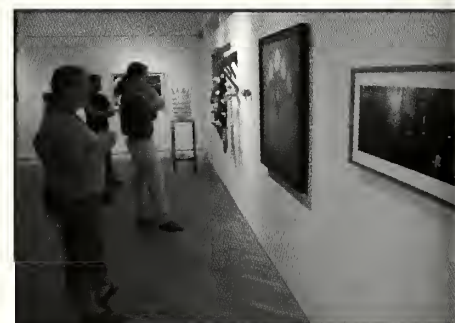

Center in Pittsburg, Pa.

Ngirailemesang, a native of Palau, received his Bachelor of Fine Arts from Southwest Missouri State University and his Master of Fine Arts from the University of Washington. Both degrees are in painting.

Assistant professor Pinchuk received her Bachelor of Fine Arts in jewelry and metalsmithing from Indiana University, Bloomington, and her Master of Fine Arts in metals from the University of Illinois at Urbana-Champaign.

The faculty art exhibition was a joint presentation of the SFA College of Fine Arts and the School of Art. It was also sponsored in part by the Texas Commission on the Arts, Dorothy Carsey Sumner, Nacogdoches Junior Forum and SFA Friends of the Arts.

College of **LIBERAL ARTS** & **APPLIED ARTS AND SCIENCES**

Colleges begin steps in merging process

Plans were set in motion during the summer of 2005 to merge the College of Applied Arts and Sciences and the College of Liberal Arts over the course of the next year.

Students did not see any immediate changes, other than Dr. James Standley, dean of the College of Applied Arts and Sciences, taking the position of dean of both colleges. The colleges remained separate academically for the 2005-2006 year, since a name had not yet been determined for the new college.

The changes came at the same time Dr. Robert Herbert, former dean of the College of Liberal Arts, left to become provost of Youngstown State University in Ohio.

Dr. James Lowry, associate dean of the College of Liberal Arts, continued to work with students from Liberal Arts, while Standley worked with students from Applied Arts and Sciences.

Faculty from both colleges were assigned to panels by Standley to investigate adjustments that need to be made in the name of the college, faculty policies and degree catalogues to make the two colleges uniform.

"Each of these groups will meet individually at each college, and, at the end, they will meet together and make recommendations to me and the provost (Dr. Mary Cullinan)," Standley said. "And then we will have a series of open forums where people can come to a public meeting and look at the written recommendations and make a reaction."

Standley said although it will be up to the panels to determine if changes need to be made, he did not foresee any classes, majors or minors that will be changed. There may be changes in course descriptions and classifications, however.

"(As an example), in the College of Liberal Arts, all the degrees have a writing intensive requirement," he said. "Everyone working on those degrees has to have nine hours of courses marked 'writing intensive.' I personally see that as a strength. We don't have that in Applied Arts and Sciences. We have courses that rise to the level of the writing intensive courses, but they are not so indicated. I think the faculty in that college will need to look at whether they want to start using the writing intensive designation for their classes."

Standley also said no degree plans or requirements would be lengthened or shortened. "No student is currently enrolled in SEA will wake up one morning to find out any aspect of their degree plan has been invalidated because of this process," he said. "If we make any changes to these degrees, it will be at a time when no student who is currently enrolled will be affected by it."

Standley said faculty shouldn't see too many changes as far as tenure, policies and promotion is concerned. He said most of the changes will be in the wording of the policies.

"I've read the policies from both colleges, and it would appear to me that the policies from the College of Liberal Arts have a little higher degree of specificity as to what is required for the different levels of

Dean James Standley

tenure, merit and promotion, where the policies from Applied Arts and Sciences are written in more general terms," he said. "I would imagine that the policies in Applied Arts and Sciences will try to become more objective in their requirements."

Changes from the merger were also felt in the Student Government Association.

SGA had to designate the number of senators that can be elected for each college senate seat based on the number of students in that college. With the two colleges coming together to form one, the balance could be tipped toward that new college.

Standley said the size of the college will be one of the best aspects of the merger. He said there will be 10 departments and nearly 100,000 hours generated each year.

"Organizations like a university that is subdivided into colleges, rise and fall based on our ability to garner resources for our various areas of mission," he said. "If we have as one body the ability to go forward and ask for resources for this college based on productivity numbers of activity generated, I think we'll be able to ask for the resources that will ramp up the experiences that will be available for students. In man-on-the-street language, we have the ability to do wholesale purchasing, which comes from the strength of having a larger faculty and broader base, rather than having separate colleges."

Standley said the change may be difficult, but in the long run, the college will be in a stronger position for its department and resources.

The College of SCIENCES AND MATHEMATICS

Dean Anthony J. Duben

A primary aim of the College of Sciences and Mathematics is to contribute to the liberal education of all students through the presentation of fundamental concepts and methods of science and mathematics. Another objective is to provide the counseling and fundamental education required for professional programs in health and engineering sciences and for professional studies and careers of a scientific or mathematical nature. The primary mission of the college is teaching of the highest quality at both the undergraduate and graduate levels. The college, through its departments and divisions, attempts to provide students with the knowledge and skills necessary for lifelong learning, an understanding for the world in which we live and the ability to comprehend scientific and mathematical advancements and their benefit to future generations.

New facility gives nursing students real-world experience

SFA President Dr. Tito Guerrero spoke at the dedication ceremony for the new nursing laboratory facilities. Photo by Chris Bouldin.

SFA, Angelina College, Panola College and Nacogdoches Medical Center have collaborated to provide nursing students and faculty with a new facility that garners a professional environment for laboratory exercises.

The first classes at the new center began in February 2005.

The East Texas Nursing Education Consortium was formed in 2003. The group submitted a grant to the Texas Higher Education Coordinating Board that focused on shared resources between SFA, Angelina and Panola.

"This is an exciting day for nursing and an exciting day for higher education," Glenn Robinson, Nacogdoches Medical Center CEO, said. "This (project) is the first of its kind in the area at no increase to tax payers."

Terry Elliot, director of plan operation for the Nacogdoches Medical Center, explained there would be no actual patients at the facility.

"It will be used for teaching for nursing," Elliot said. "There will be simulation manikins and classroom space."

Guests at the opening were encouraged to take a tour of the

facility. Each room resembles an actual hospital room, with manikins in gowns lying in beds and sitting in wheelchairs.

The Consortium includes 5,400 square feet for classroom space, eight patient rooms and a nurse's station to resemble the same environment the nursing students will be exposed to in the field.

"This new space allows us to maintain the volume of students and helps ensure the quality of nurses that graduate," Sharon Buffalo, nursing programs coordinator of Angelina College, said.

The Nacogdoches Medical Center agreed to furnish a nurse professor and cover the utilities and taxes in conjunction with providing the renovated space for the Consortium.

Fred Wolf, Chair of the SFA Board of Regents, spoke about the importance of collaboration that came about through Texas tradition.

"Our part was easy," Bob Smith, senior vice president, regional operations, for Tenet's Texas Gulf Coast said. Nacogdoches Medical Center is owned by Tenet.

"We provided 54,000 square feet for classrooms and study space," he

said. "The hard part is graduating and moving in to the field you are so interested in."

"How good it is that folks of East Texas come together to find resolutions," Dr. Tito Guerrero, SFA president, said. "We pooled our resources to do good things together. This is an outcome that is nothing short of phenomenal."

He stressed the relationship of a four-year university working with two-year colleges.

"Not many university presidents understanding the value of community colleges," Guerrero said. "We have a good working relationship."

Dr. Gregory Powell, president of Panola College, reinforced Guerrero's recognition of a good working relationship between the colleges and thanked the nursing faculty.

Dr. Glenda Walker, director of the division of nursing at SFA, praised the program and its goals for future nurses.

"We are part of an elite profession," Walker said in closing. "We are here for the public and the patients."

Achievement

Mr. and Miss

SSSFA

Sedric Hudson of Cypress and Nicole Byrd of Pearland were named this year's Mr. and Miss SFA.

The two seniors were honored on Saturday, February 11, during the Lumberjack basketball halftime show at William R. Johnson Coliseum.

The Mr. SFA Award was established in honor of the late Stan McKewen, a 1934 SFA graduate. The Miss SFA Award was established in honor of Arnodean Covin, who was named Miss SFA in 1940, 1941 and 1942.

Hudson, who received the Stan McKewen Mr. SFA Award, is a graduate student at the University and is pursuing a master's degree in elementary education. He graduated from SFA in December 2005 with a bachelor's degree in education and majored in interdisciplinary studies. He is the son of Carolyn Yancy and stepson of Calvin Yancy of Cypress, and he graduated in 2000 from Robert E. Lee High School in Baytown.

Hudson is a member of Student Foundation Association, Student Activities Association, Men of God Christian Fraternity, Inc., and Soul II Soul Gospel Choir. He served as president of Purple Haze, Inc., and worked as an Orientation Leader and SFA 101 student instructor. Hudson also served as assistant director and counselor for Jack Camp.

Hudson's first reaction after being named Mr. SFA was one of gratefulness.

"I was pleased that it was me who was chosen," Hudson

said. "But I was also grateful because it could have been anyone else."

His list of awards includes being named Ambassador Rookie of the Year, Jack Camp Counselor of the Year and Homecoming King for 2004. He has received the President's Volunteer Service Award and is listed on the national Dean's List. He is also the recipient of an alumni scholarship and an Academic Excellence scholarship.

Byrd, who received the Arnodean Covin Miss SFA Award, is a senior interior design major who will graduate in August. A 2002 graduate of Pearland High School, Byrd is the daughter of Junior and Lisa Byrd of Pearland.

Byrd feels her desire to be well-rounded made her application stand out.

"Every semester I try to get involved in something different," Byrd said. "I really feel that throughout my years at SFA, I took the time to experience the majority of what SFA has to offer."

Byrd has been active in the Residence Hall Association, the Repertory Dance Company, Pom Squad, Campus Crusade for Christ and Crosspoint College Ministry. She is a member of Phi Upsilon Omicron, Omicron Delta Kappa and the SFA School of Honors. She has been on the Dean's List at the University and received a bronze pin for outstanding service by the National Residence Hall Honorary organization.

I enjoy the small class sizes at SFA. It helps to develop close relationships and not just

feel like another student. - Stephanie Brantley, Laneville junior

Weathering the storm

SFA feels the wrath of Hurricane Rita

August 29th, 2005. At 7 a.m., the southern coast of Louisiana was hit with a category five hurricane that devastated not only the immediate areas, but the entire nation.

Hurricane Katrina was one of the worst hurricanes on record. Many families and homes were lost. Thousands didn't evacuate in time.

For weeks Nacogdoches became home to thousands of people who were not allowed to go back to their own cities in Louisiana.

But less than a month later,

our own homes in Nacogdoches were threatened by a similar natural disaster—Hurricane Rita.

Knowing just how catastrophic this situation could be, everyone was more cautious, listening to careful directions from city and media officials.

There was a mandatory evacuation of Galveston, Houston and other surrounding areas causing even more evacuees to take shelter in Nacogdoches.

Because of the massive number of people evacuating from the southeast Texas coast,

traffic was literally at a standstill for hours on major highways.

For the first time in history, I-45, the interstate connecting Houston and Dallas, opened all its lanes to strictly northbound traffic.

Residents traveling north on US-59 also experienced extreme congestion on the freeway. What should have been a three-hour drive turned into a 20-hour trip for many.

As the hurricane headed closer to the Texas coast, Nacogdoches was concerned not only for the well being of its citizens but also for the well

being of all of the Louisiana evacuees still living in shelters in East Texas.

Michael Preston, assistant director of student affairs, said even though SFA students were worried about their own families' safety, they were still showing up the shelters to help out other families.

"At the Coliseum, evacuees would ask me if it were safe to stay there with Hurricane Rita on the way. The only thing I could tell them was that I didn't know," Zahira Meza, Wichita Falls junior, said.

Before Hurricane Rita was scheduled to make landfall, Nacogdoches was in an uproar.

There were lines of cars at gas stations waiting to fill up. Almost every store had empty shelves where food and other supplies had been two days before.

September 24, 2005 at 1 a.m. Hurricane Rita hit land. The storm was downgraded from a category five to a category three by the time it hit land. The storm hit Nacogdoches as a category one storm.

"I will never forget how quiet it got when the storm was at its height. You could really feel the fear in the air, and we were just trying to hold on for a few hours

and let the storm pass," Preston said.

"I was worried the whole time about what dangers our students and members of the University community might be subjected to and if we were going to be able to provide proper care for the evacuees," Dr. Tito Guerrero III, University president, said.

Nacogdoches suffered strong winds, falling trees and damaged buildings, but nothing compared to what New Orleans had experienced a month before.

SFA employees, including employees of the housing department, food service and UPD, worked extra hours to make sure the evacuees plus the on-campus students were fed and taken care of throughout the entire storm weekend.

Many people in the community were left without power, but they didn't let this get in the way of helping the evacuees.

"I learned how unimportant material things become when you are in danger," Meza said. "This tragedy opened the hearts of so many people."

Hurricane Katrina and Hurricane Rita will go down in history as two of the worst natural disasters to hit the United States. Nacogdoches and SFA can say they put aside their own selfish desires to help those affected by the storms.

"I will always remember how our University community came together in a time of need to help their fellow citizens," Guerrero said.

Story by Holli Conley

SFA home to Texas landmark, myth

In an average school year, students pass the Stone Fort Museum approximately 150 times, yet few ever step foot into the building in fear of the myth surrounding the landmark.

According to myth, any SEA student who walks in the museum will not graduate.

"Not true," said museum curator Carolyn Spears, who tries every year to dispel the rumor.

"It's not even a myth," she said. "It's just a sentence. There's not even a story or any proof to back it up."

The rumor is suspected to have begun sometime during the '60s or '70s.

"I have had former students come to the museum who graduated in the '40s and '50s who have never heard about the rumor," Spears said. "I know it was around in the '70s, so there's really no way of knowing exactly when it started."

Over the years, many students have worked and volunteered at the museum and have graduated successfully.

The Stone Fort museum that currently stands on the corner of Griffith Boulevard and Alumni Drive is neither the original structure nor the original location of the Stone Fort. Instead, it is a replica of the stone house built by Don Antonio Gil Y'Barbo, the founder of Nacogdoches.

Y'Barbo built his stone house on the corner of Fredonia and Main streets in downtown Nacogdoches between 1788 and 1791. The house served as a public building, grocery store, candy store, saloon and living quarters.

According to the East Texas Research Center, legend tells that Sam Houston took the oath of allegiance to the Republic of Texas in the house.

Other visitors included Jim Bowie, Stephen F. Austin and Davy Crockett, who stayed two nights in the house on his way from Tennessee to the Alamo.

In 1902, after the building had changed hands several times, it was demolished to make room for a more modern structure. Until this time, the house was the oldest residential stone structure in the state and its porch one of the earliest examples of the *galerie* style porch in Texas.

The Stone Fort was rebuilt as a replica in 1936 at its current location using some of the same stones salvaged from the original.

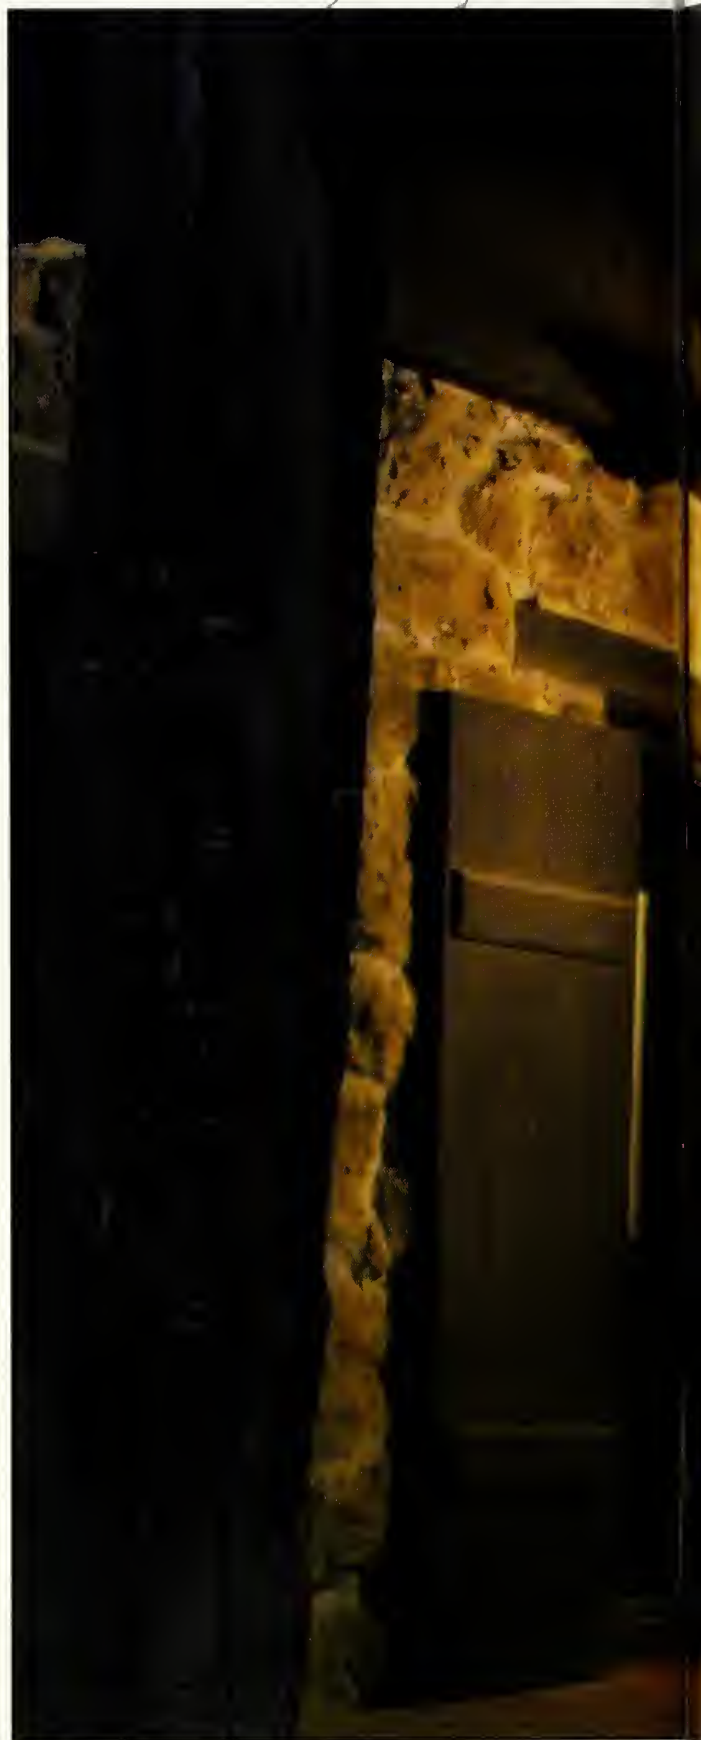

"The museum's layout is also a little different," Justin Loggins, museum worker, said. "In the original, you would have had to walk outside to get into the different rooms."

Currently, the Stone Fort museum offers an array of activities throughout the year including a Halloween Festival and Exhibit, tours during Showcase Saturday and a summer reading program for local children.

The museum contributes its wealth of knowledge about Texas history to the University, and Spears wishes more students would take advantage of the learning opportunity the museum offers.

"So many things happen here that students could use as work experience to put on their resume," Spears said. "We are devoted to informal learning, an experience where students are in charge and can engage in research or work with children to gain experience. There's something different and special about self-directed learning than what can be taught in a classroom."

Myth or no myth, the Stone Fort Museum is a one-of-a-kind landmark that reflects the "historical zeal of the Texas Centennial."

Rumor has it

The Big Dip unites students, alumni

One of the traditions SFA students have the opportunity to enjoy is the purchase of the Mentor Ring and participation in The Big Dip ceremony.

The Mentor Ring is SFA's official class ring and The Big Dip ceremony is an event that "represents one step closer to graduation," in the words of Jessica Short, Angleton senior.

"I was happy and excited," Short said of receiving her class ring and of the ceremony. "I was looking very forward to it. My parents came to the ceremony to see me receive my ring."

Students are eligible to purchase a Mentor Ring after achieving junior class status, or after completing 60 hours of credit. Students who purchase Mentor Rings are able to choose to be connected to

a mentor, an SFA alumni who will offer the student advice on career recommendations and encouragement for the remainder of the student's college career. The established connection between student and mentor also helps to make the transition from college into the professional world a smooth one.

Correspondence between the student and his or her mentor is not mandatory in the program, but it is encouraged.

The pool of mentors, according to the University Web site, consists of alumni, scholarship donors, present and former members of the SFA Board of Regents, faculty members and other past and present leaders within the SFA community.

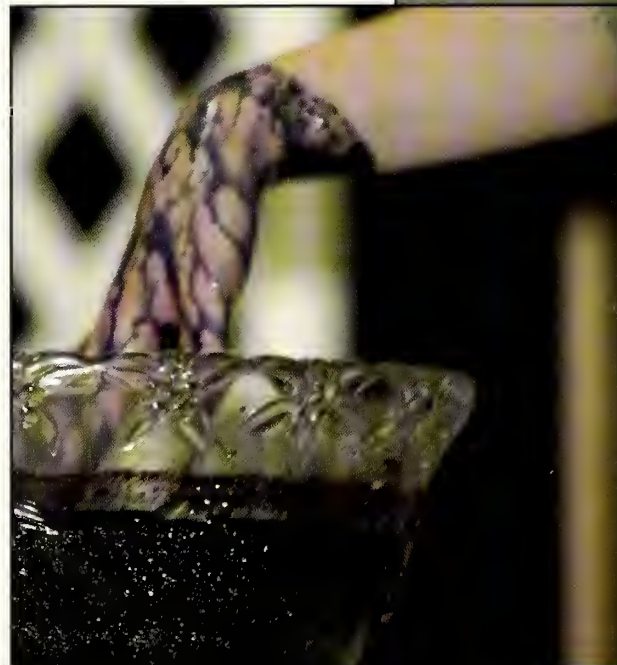

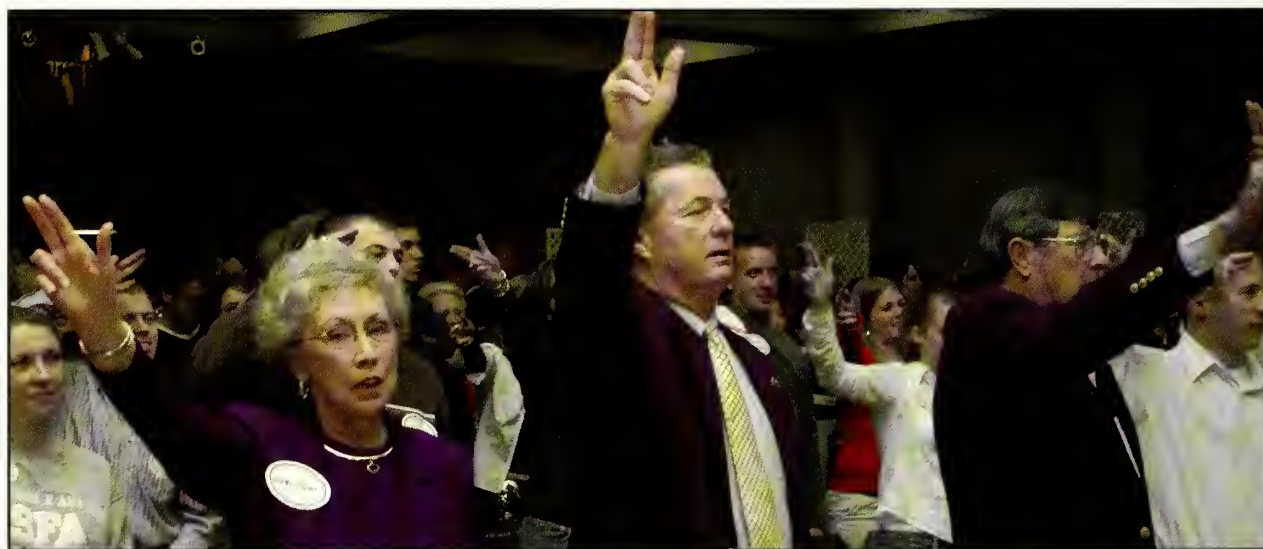

During The Big Dip ceremony,

which takes place each spring and fall on the Thursday before finals begin, students dip their hands into purple dye and get to meet their assigned mentors for the first time.

The cost of a Mentor Ring is about \$100 less than a comparable class ring, but the tradition that comes with owning the ring and taking part in the ceremony makes the cost of the ring a non-issue to most Lumberjacks who purchase a Mentor Ring.

The program sponsoring the ring's availability is a cooperative effort of the UC Bookstore, class jewelry maker Balfour, the Student Foundation Association and the Alumni Association.

Behind the wheel

Classes experience the effects of impaired driving in simulator

Freshmen in SFA 101 classes were able to experience first-hand this year some of the effects alcohol can have on a person driving a motor vehicle.

SFA 101 classes were given the chance to drive a go-cart, Simulated Impaired Driving Experience (SIDNE), provided by Nacogdoches Safe and Drug Free, which has two different speed settings, 4 and 8 mph, and a normal or impaired mode.

Students drove in pairs, with one person driving and one as the passenger.

"Students can learn by driving or (by) looking on," said Melissa Mallory, prevention specialist with Nacogdoches Safe and Drug Free. "Some have better control than others."

The activity really gets students thinking, Mallory said. It's not meant to scare them.

"SIDNE isn't used as often as we'd like, but it's because it needs open space for the course and a flat area," Mallory said.

SIDNE operates only when a radar gun is pointed at it. The gun has an emergency brake control, along with the switches to control the speed select of 4 or 8 mph, as well as the ability to put the cart into normal or impaired mode.

While in impaired mode, the cart's acceleration and steering mechanism can react randomly.

"It's hard to control," Megan Glynn, Columbus freshman and one of SIDNE's drivers, said. "I know we were playing around, but it makes you think that someone could be driving impaired and it's normal for them."

Derek Chatman was a passenger in another pair and said it was a bit scary.

"(The driver) didn't know where she was going," Chatman said. "It makes you think twice about riding with someone who was drinking."

Pat Spence, SFA 101 instructor, said she enjoyed watching her students participate in the SIDNE experience.

"It was interesting to watch their reactions," Spence said. "Any time you can incorporate an activity into your curriculum that's fun for the students, it puts you ahead of the game."

Along with driving the go-cart, students are educated on the dangers that are associated with drinking by Terrie Mayfield, community mobilization specialist for Nacogdoches Safe and Drug Free. She also gives tips on how to remain safe.

Story by Chris Valdez

Top: Megan Glynn and Amondo Moseley take a lap around the track before SIDNE is put in impaired mode.

Middle: Patrick Thomas and Romon Sotir have trouble controlling the SIDNE during simulation.

Right: The SIDNE go-cart can be used by all classes on campus to teach students the dangers of driving under the influence of drugs and alcohol.

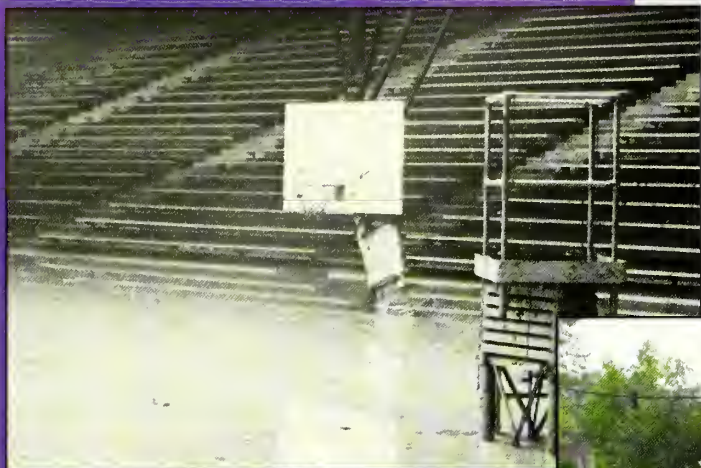

Above: The SIDNE go-kart, a teaching tool from Nocogdoches Safe and Drug-Free, was used by SFA 101 classes to show students the harmful effects of drunk driving. Photo by Chris Valdez.

It makes you think twice about riding with
someone who (has been) drinking.

Derek Chatman, Houston freshman

Distaster strikes

On Jan. 31, 1975, a major flood wiped through Nacogdoches, leaving many residents and SFA students without homes. The damage from this storm was estimated at \$5.5 million. According to the 1975 Stone Fort yearbook, Nacogdoches was declared a national disaster area. Rescue boats helped people salvage what they could and then searched for victims of the flood. The William R. Johnson Coliseum, pictured above, was devastated by the flood. SFA students and local residents lent a hand in clearing out the coliseum, which was ready for use again by the end of 1975. Thirty years later, Nacogdoches experiences another natural disaster—Hurricane Rita.

The old gridiron

Until 1973, Lumberjack football games were played on the original field located in the center of the campus. The football stadium was moved in order to build new academic facilities on campus including the Ralph W. Steen Library, the McKibben Education building, the McGee Business building and the math and nursing building. Today, the Lumberjacks play in Homer Bryce Stadium, formerly known as Lumberjack Stadium.

ding on

What started at SFA 83 years ago continues today. The strong foundation established at this University has led hundreds of thousands of students to success by providing quality education and a one-of-a-kind experience.

And we're still building—building on community, strength, character, leadership, knowledge and achievement. As our campus grows to support the academic needs of the community, we continue to grow as students. Underlying the growth and success of SFA lies rich tradition. Taking part in these traditions has taught us what being a Lumberjack is all about. It's about school spirit. It's about building relationships for life. It's about tradition.

SPORTS

ACADEMIA

STUDENT LIFE

**Jason
Jacobs**

I would like to thank Mary for allowing me to be on the staff for what I am sure will be a great yearbook. Thank you also to Amanda and Michelle for helping me out and answering all of my questions. Most importantly, I want to thank Hardy Meredith and Chris Bouldin for their help in getting pictures, especially when I thought there wasn't any. Thank you all so very much!

Jason has been a yearbook staff member for one year.

**Brooke
Espinosa**

Mary, Michelle and Amanda - thanks for having so much patience with me. I hope I haven't given you a heart attack, and I hope I didn't let you down too much. Also, thank you for answering my questions and helping me organize my section. Thanks to Pat for helping me contact all the departments. Thanks to Hardy for supplying me with faculty photos, regents pictures and everything else. Big thanks to Chris Bouldin for taking all those department pictures for me. Thanks to Arlene for the tip about The Focus.

Brooke has been a yearbook staff member for one year.

**Mindy
Arendt**

This year was a blast! Thank you Amanda and Michelle for putting up with my craziness. Mary, you are a saint for what all we put you through. I hope everyone enjoys the book, it's jam packed with memories for every student at SFA.

Mindy has been a yearbook staff member for two years.

Fort Staff

ORGANIZATIONS

Michelle Vinklarek

A special thanks to a great staff that put in long, hard hours to make this book a success. Mary thanks for always answering my questions and helping keep the organizations organized. Thanks Pat for being a great inspiration and getting me involved with yearbook in the first place. Bouldin, sorry for always bugging you for pictures, but I must say it was worth it because you got some really great shots this year. Lindsey, thanks for all the laughs and helping me when I had writer's block. Amanda, it has been a blast! Thanks for helping me out and teaching me the ropes, I couldn't have done it without you, roomie. I will say this year just wasn't the same without Mr. Roberto.

Michelle served her second year on the Stone Fort staff as co-editor.

GREEKS

Arlene Morales

I am so excited about this yearbook. I can't wait to see to the whole book completed, cover and all. Thank you Mary for helping me sell all these pages. I was so scared of not being able to sell them. A big thank you to Chris B. for taking all the pictures I needed. Sorry I told you about them at the last minute. If you lived in my brain you would know why. I would like to give a super big thank you to Amanda and Michelle. Thanks girls for all the great ideas. I was so scared to work on this new section. Who would have thought I would actually like it more than good ol' Academia.

Arlene has been a yearbook staff member for four years.

SCHOLARS

Amanda Reynolds

It's hard to say goodbye to my days of yearbookin', but all good things must come to an end. Thank you so much to Mary and Pat for becoming my second (it was a tie!) moms here at SFA. You both have made a difference in my life. Thanks to this staff for putting together a book so different, and so purple. I love you all! Thank you Michelle for sharing this position with me! I couldn't have done it and all my other crazy endeavors without you! I'm so glad yearbook brought us together...you're definitely a lifelong compadre. I too am sad for no Mr. Roberto this year, but hopefully he will invite you to his wedding. And lastly, to SFA. Coming to this University was a life-changing decision, and it made me who I am today. Axe 'em Class of 2006!

Amanda served her second year on the Stone Fort staff as co-editor.

Colophon

The 81st edition of the Stone Fort was the creation of an all-student staff at Stephen F. Austin State University. It was printed by Taylor Publishing Company in Dallas, Texas. The sales representative was Lee Briggs, and the account executive was Tami McConnell. 2,300 copies were printed. The price of the book was \$48.

Copy and Design

All copy was written by Stone Fort and The Pine Log staff members. End sheets and division pages were designed by both Michelle Vinklarek and Amanda Reynolds. The opening were designed by Michelle Vinklarek. The closing and the scholars section were designed by Amanda Reynolds. All other pages were designed by their respective editors.

Photography

Stone Fort and The Pine Log photographers took all photos unless otherwise noted. Photos were taken with Nikon D70s and Nikon D1 cameras. Photo credits accompany all photos in the book. Auxiliary Services provided all 11,000-plus student ID photos for the scholars section.

Typography

Baskerville Regular 10-point was used for all body copy. VanguardT was used for all captions and folios. Several sizes of Helvetica Neue UltraLight were used for all headlines.

Printing

All pages were printed on 100# dull enamel paper. Signatures one and 22 were printed using 4-color processing. Signatures two through seven were also printed using 4-color processing on selected flats, which alternated the color spreads with the black and white spreads. Signatures nine and 10 were printed using Taylor spot color. All other pages were printed using only black-ink processing.

Cover

The 2006 Stone Fort cover was designed by Michelle Vinklarek and Amanda Reynolds. Purple 056 with Mission grain and Red Matte 120 were both used to create a quarterbound effect. All lettering on the cover was embossed, and selective lettering was stamped with silver foil. The fonts for the cover included Baskerville Regular, Helvetica Neue Ultralight and Helvetica Neue Condensed Bold.

Production, Contact and Copy

The 2006 Stone Fort was produced on Macintosh iMac computers using Adobe InDesign CS2, Adobe Photoshop CS2 and Microsoft Word. The Stone Fort has been the official yearbook of Stephen F. Austin State University for 81 years. Editorial content does not reflect the views of the University.
